HOUSE RESOLUTION

HR 91, (2-24-00, pgs. 397 & 398) - Crawford

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTIETH DAY, WEDNESDAY, APRIL 26, 2000

Speaker Pro Tem Kreider in the Chair.

Prayer by Father David Buescher.

Dear God, as Missouri's farmers prepare the soil, plant seeds, and work their land, so may these, our Missouri legislators, prepare our citizens for even more abundant harvests. We pray for fertile ground of reflection into our state's real needs, for the plowing of research into ways and means, for fertilizing our people with dreams of what might be, and cultivating social networks that will bring community and interdependence.

May the sights and sounds be cooperation, backed by the silence of prayer and trust in Your still and certain increase in our hearts. The end of this session draws near, today's work brings that harvest even closer, Oh God of Bountiful Abundance. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Justin King, Kassondra Gaddy, Janeace Campbell, Steven Robinson, Nicholas Wray, Tiffany Verstraete, Trisha Riggs, Brooklyn Turner, Cole McCauley, Abby Swett, David Kozminski, Libby Jones, Rachel Duffey, Jacob Duffey, Elijah Duffey, Elise Gregory, Kathryn Bruns, Richard Magnanti, Shawn Emra, Jacklyn Sallee, Brenden Clark and Adam Person.

AMEND House Substitute for House Bill No. 2011, Page 14, Section 137.073, Line 20 of said page, by inserting after all of said line the following:

"139.031. 1. Any taxpayer may protest all or any part of any taxes assessed against [him] **such taxpayer**, except taxes collected by the director of revenue of Missouri. Any such taxpayer desiring to pay any taxes under protest shall, at the time of paying such taxes, file with the collector a written statement setting forth the grounds on which [his] **such taxpayer's** protest is based. The statement shall include the true value in money claimed by the taxpayer if disputed.

2. Upon receiving payment of taxes under protest pursuant to subsection 1 of this section or upon receiving notice of an appeal pursuant to section 138.430, RSMo, the collector shall disburse to the proper official all portions of taxes not disputed by the taxpayer and shall impound in a separate fund all portions of such taxes which are in dispute. Except as provided in subsection 3 of this section, every taxpayer protesting the payment of taxes shall, within ninety days after filing [his] **such taxpayer's** protest, commence an action against the collector by filing a petition for the recovery of the amount protested in the circuit court of the county in which the collector maintains [his] **an** office. If any taxpayer so protesting [his] **such taxpayer's** taxes shall fail to commence an action in the circuit court for the recovery of the taxes protested within the time prescribed in this subsection, such protest shall become null and void and of no effect, and the collector shall then disburse to the proper official the taxes impounded, and any interest earned thereon, as provided above in this subsection.

3. No action against the collector shall be commenced by any taxpayer who has, for the tax year in issue, filed with the state tax commission a timely and proper appeal of the protested taxes. Such taxpayer shall notify the collector of the appeal in the written statement required by subsection 1 of this section. The taxes so protested shall be impounded in a separate fund and the commission may order all or any part of such taxes refunded to the taxpayer, or may authorize the collector to release and disburse all or any part of such taxes in its decision and order issued pursuant

to chapter 138, RSMo.

4. Trial of the action in the circuit court shall be in the manner prescribed for nonjury civil proceedings, and, after determination of the issues, the court shall make such orders as may be just and equitable to refund to the taxpayer all or any part of the taxes paid under protest, together with any interest earned thereon, or to authorize the collector to release and disburse all or any part of the impounded taxes, and any interest earned thereon, to the appropriate officials of the taxing authorities. Either party to the proceedings may appeal the determination of the circuit court.

5. All the county collectors of taxes, and the collector of taxes in any city not within a county, shall, upon written application of a taxpayer, [refund any real or tangible personal property tax mistakenly or erroneously paid in whole or in part to the collector, or shall] credit against the taxpayer's tax liability in the following taxable year **and subsequent consecutive taxable years until the credit is fully used** any real or personal property tax mistakenly or erroneously levied against the taxpayer and collected in whole or in part by the collector, **or, if the taxpayer has no tax liability to such collector in the immediately following taxable year, refund any balance remaining on real or tangible personal property tax mistakenly or erroneously paid in whole or in part to the collector.** Such application shall be filed within [one year] **three years** after the tax is mistakenly or erroneously paid. The governing body, or other appropriate body or official of the county or city not within a county, shall make available to the collector funds necessary to make refunds [under] **pursuant to** this subsection by issuing warrants **pro rata in the amount credited to each political subdivision** upon the fund to which the mistaken or erroneous payment has been credited, or otherwise.

6. [No] **A** taxpayer shall receive any interest **at the rate required by section 32.065, RSMo,** on any money paid in by [him] **such taxpayer** erroneously.

7. All protested taxes shall be invested by the collector in the same manner as assets specified in section 30.260, RSMo, for investment of state moneys. A taxpayer who is entitled to a refund of protested taxes shall also receive the interest earned on the investment thereof. If the collector is ordered to release and disburse all or part of the taxes paid under protest to the proper official, such taxes shall be disbursed along with the proportional amount of interest earned on the investment of the taxes due the particular taxing authority.

8. On or before March first next following the delinquent date of taxes paid under protest, the county collector shall notify any taxing authority of the taxes paid under protest which would be received by such taxing authority if the funds were not the subject of a protest. Any taxing authority may apply to the circuit court of the county or city not within a county in which a collector has impounded protested taxes [under] **pursuant to** this section and, upon a satisfactory showing that such taxing authority would receive such impounded tax funds if they were not the subject of a protest and that such taxing authority has the financial ability and legal capacity to repay such impounded tax funds in the event a decision ordering a refund to the taxpayer is subsequently made, the circuit court shall order, pendente lite, the disbursement of all or any part of such impounded tax funds to such taxing authority. The circuit court issuing an order [under] **pursuant to** this subsection shall retain jurisdiction of such matter for further proceedings, if any, to compel restitution of such tax funds to the taxpayer. In the event that any protested tax funds refunded to a taxpayer were disbursed to a taxing authority [under] **pursuant to** this subsection instead of being held and invested by the collector [under] **pursuant to** subsection 7 of this section, such taxing authority shall pay the taxpayer entitled to the refund of such protested taxes the same amount of interest, as determined by the circuit court having jurisdiction in the matter, such protested taxes would have earned if they had been held and invested by the collector.

9. No appeal filed shall stay any order of refund, but the decision filed by any court of last review modifying the circuit court's or state tax commission's determination pertaining to the amount of refund shall be binding on the parties, and the decision rendered shall be complied with by the party affected by any modification within ninety days of the date of such decision. No taxpayer shall receive any interest on any additional award of refund, and the collector shall not receive any interest on any ordered return of refund in whole or in part."; and

Further amend said title, enacting clause and intersectional references accordingly.

JOURNAL OF THE HOUSE

[CORRECTED]

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTY-FIRST DAY, THURSDAY, APRIL 27, 2000

Speaker Gaw in the Chair.

Prayer by Representative Barbara Fraser.

Look to this day, for it is life, the very life of life. In its brief course lie all the realities and verities of existence, the bliss of growth, the splendor of action, the glory of power.

For yesterday is but a dream, and tomorrow is only a vision, but today, well lived, makes every yesterday a dream of happiness and every tomorrow a vision of hope. Look well, therefore, to this day.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kristal Adams, Trevor Warnol, Michael Fuchs, Kyle Gielow, Meagan Welsh, Caitlin Waldo, Simeon Ward, Erica Hendrix, Austin Mehner, Chrissy Ulrich, Grant Hammack, Rebekah Hampton and Bonnie Croney.

Representative Kennedy assumed the Chair.

Speaker Pro Tem Kreider assumed the Chair.

The Journal of the sixtieth day was approved as corrected by the following vote:

House Amendment No. 3

AMEND House Bill No. 1159, Page 1, Section A, Line 3, by inserting after all of said line the following:

"143.114. 1. For all taxable years beginning on or after January 1, 2001, but before January 1, 2006, there shall be subtracted from an individual's Missouri adjusted gross income an amount equal to the lesser of two thousand dollars or one hundred percent of the amount paid by such individual during his or her taxable year for documented health insurance premiums and out-of-pocket medical costs to the extent such amount is included in the individual's federal adjusted gross income and to the extent such amount is not otherwise deducted therefrom pursuant to any other law and is not reimbursed by any source. For purposes of this section, "out-of-pocket medical costs" are those medical expenses deductible pursuant to section 213 of the Internal Revenue Code and rulings interpreting section 213 of the Internal Revenue Code. 3. The director of the department of revenue shall place a line on all Missouri individual income tax returns for the deduction created by this section."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Kelly (27), **House Amendment No. 3** was adopted.

Representative Scheve offered **House Amendment No. 4.**

House Amendment No. 4

AMEND House Bill No. 1159, Page 1, Section A, Line 3, by inserting after all of said line the following:

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit [under] pursuant to sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would

have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he **or she** shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121, RSMo, less two thousand dollars as an exemption for the claimant's spouse residing at the same address, **and less any social security, railroad retirement and public school retirement system benefits otherwise included in Missouri adjusted gross income**, and increased, where necessary, to reflect the following:

(a) [Social Security, railroad retirement, and] Veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Scheve, **House Amendment No. 4** was adopted.

Representative Hanaway offered **House Amendment No. 5**.

House Amendment No. 5

AMEND House Bill No. 1159, Page 5, Section B, Line 2, by inserting after said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

- (a) Such sale was closed at a date relevant to the property valuation; and
- (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. If the assessor increases the assessed valuation of any parcel of subclass (1) real property by more than seventeen percent since the last assessment, excluding increases due to new construction or improvements, then the assessor shall conduct a physical inspection of such property.

11. A homestead exemption pursuant to article X, section 6(a) of the Missouri Constitution shall be allowed for certain real property pursuant to this subsection.

- (1) **The assessed value of real property satisfying the following criteria shall not be increased by the**

annual assessments made of real property by the assessor:

(a) The real property is owned by a person eighty years of age or older, or jointly owned by at least one person eighty years of age or older and other persons all of whom are sixty-five years of age or older; and

(b) The real property is used by the owner as the owner's principal residence and has been used as such for the preceding five years, or when jointly owned the property is used by all joint owners as their principal residence and has been used as such by all joint owners for the preceding five years;

(2) The exemption shall be for that portion of the assessed valuation of the homestead which exceeds the assessed valuation of the homestead in the year the owner reaches eighty years of age or on the effective date of this section, whichever is later;

(3) An eligible property owner may file for such an exemption with the county clerk on a form provided by the state tax commission by June first of the year preceding the first year for which the exemption is to be made. The property owner filing the form shall sign such form attesting to the truth of the information provided by such owner. If the property for which the homestead exemption is sought has joint owners, then any such joint owner may file for the exemption. When any joint owner has elected to file for an exemption all other joint owners shall be bound by such election and the other joint owners shall not subsequently be eligible to file for an exemption for the jointly owned property. No provisions of this section shall be construed to deny the granting of an exemption to property owned by married joint owners when only one of such owners is eligible for the exemption. The applicant shall state on the request that all requirements of subdivision (1) of this subsection are satisfied. The applicant shall file a copy of the person's birth certificate with the county clerk to establish eligibility for the exemption. The applicant shall also file as part of the request a copy of the applicant's most recent Missouri income tax return. The applicant shall sign such request attesting to the truth of the information provided. Once an exemption has been granted, the property owners who filed for the exemption shall not be required to refile for any succeeding year and the property shall remain exempted unless or until the property has a new owner or pursuant to subdivision (6) of this subsection;

(4) The county clerk shall verify from the birth certificate and form that the applicant is eligible for such exemption, and if the applicant is so eligible, the county clerk shall notify the county assessor, county collector and the state tax commission. In addition, the county clerk shall annually deliver to each political subdivision or other taxing jurisdiction which has levied ad valorem property taxes on the properties for which exemptions are granted pursuant to this section a listing of each parcel of real property for which the exemptions are granted;

(5) Any exemption granted pursuant to this subsection shall have no effect on the tax levied for the blind pension fund, pursuant to section 38(b) of article III of the Missouri Constitution, on the property for which the exemption is granted. The tax, however, shall not be collected from the person granted the exemption but a payment in lieu of such tax shall be made by the county within which such property lies. The county shall be reimbursed pursuant to subdivision (5) of this subsection for any revenues lost due to this subdivision;

(6) Pursuant to the requirements of sections 6(a) and 16 of article X of the Missouri Constitution, any taxing jurisdiction or political subdivision shall recover the loss of revenue caused by this subsection from the state. The state tax commission shall certify to the commissioner of administration to issue vouchers to any such taxing jurisdiction or political subdivision upon the availability of appropriations. Each calendar year beginning in 2001 the state tax commission shall estimate the total loss of revenue to all taxing jurisdictions and political subdivisions in the next succeeding year resulting from the homestead exemptions granted in the current year. The state tax commission shall report such estimate to the general assembly before February first of every year. If the general assembly determines there will be insufficient total state revenues, as defined by section 17 of article X of the Missouri Constitution, for the taxing jurisdictions and political subdivisions of the state to recover the estimated loss of revenue caused by the homestead exemption the general assembly may declare that there will be no homestead exemption for the succeeding year.

Section B. Section 137.115 of this act shall become effective on January 1, 2002.”; and

WHEREAS, historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continues to be a serious and pervasive social problem; and

WHEREAS, such confinement in an institution severely diminishes the everyday life activities of disabled individuals, including family relations, social contacts, work options, economic independence, educational advancement and cultural enrichment; and

WHEREAS, under the federal Americans with Disabilities Act, states are required to provide community-based treatment for persons with disabilities when the state's treatment professionals determine that such placement is appropriate, the affected persons do not oppose such treatment, and the treatment can be reasonably accommodated, taking into account the resources available to the state and the needs of others with disabilities:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives, Ninetieth General Assembly, that a House Interim Committee of the General Assembly be created to be composed of five members of the majority party, four members of the minority party and one independent member, and that said committee be authorized to function during the interim between the Ninetieth and Ninety-first General Assemblies; and

BE IT FURTHER RESOLVED Research and the Committee on Legislative Research provide such legal, research, clerical, technical and bill drafting services requested by the committee; and

House Amendment No. 7

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 813, Page 4, Section 650.010, Line 33, by inserting after all of said line the following:

"Section B. Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 and 20 are hereby enacted, to read as follows:

Section 1. Sections 1 to 20 of this act shall be known as the "Missouri Law Enforcement District Act".

Section 2. As used in sections 1 to 20 of this act, the following terms mean:

- (1) "Approval of the required majority" or "direct voter approval", a simple majority;
- (2) "Board", the board of directors of a district;
- (3) "District", a law enforcement district organized pursuant to sections 1 to 20 of this act.

Section 3. 1. A district may be created to fund, promote, plan, design, construct, improve, maintain and operate one or more projects relating to law enforcement or to assist in such activity.

2. A district is a political subdivision of the state.

3. A district may be created in any county of the first classification without a charter form of government and a population of fifty thousand inhabitants or less.

Section 4. 1. Whenever the creation of a district is desired, ten percent of the registered voters within the proposed district may file a petition requesting the creation of a district. The petition shall be filed in the circuit court of the county in which the proposed district is located.

2. The proposed district area shall be contiguous and may contain any portion of one or more municipalities.

3. The petition shall set forth:

(1) The name and address of each owner of real property located within the proposed district or who is a registered voter resident within the proposed district;

(2) A specific description of the proposed district boundaries including a map illustrating such boundaries;

(3) A general description of the purpose or purposes for which the district is being formed; and

(4) The name of the proposed district.

4. In the event any owner of real property within the proposed district who is named in the petition or any legal voter resident within the district shall not join in the petition or file an entry of appearance and waiver of service of process in the case, a copy of the petition shall be served upon said owner or legal voter in the manner provided by supreme court rule for the service of petitions generally. Any objections to the petition shall be raised by answer within the time provided by supreme court rule for the filing of an answer to a petition.

Section 5. 1. Any owner of real property within the proposed district and any legal voter who is a resident within the proposed district may join in or file a petition supporting or answer opposing the creation of the district and seeking a judgment respecting these same issues.

2. The court shall hear the case without a jury. If the court determines the petition is defective or the proposed district or its plan of operation is unconstitutional, it shall enter its judgment to that effect and shall refuse to incorporate the district as requested in the pleadings. If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall determine and declare the district organized and incorporated and shall approve the plan of operation stated in the petition.

3. Any party having filed a petition or answer to a petition may appeal the circuit court's order or judgment in the same manner as provided for other appeals. Any order either refusing to incorporate the district or incorporating the district shall be a final judgment for purposes of appeal.

Section 6. The costs of filing and defending the petition and all publication and incidental costs incurred in obtaining circuit court certification of the petition for voter approval shall be paid by the petitioners. If a district is organized pursuant to sections 1 to 20 of this act, the petitioners may be reimbursed for such costs out of the revenues received by the district.

Section 7. A district created pursuant to sections 1 to 20 of this act shall be governed by a board of directors consisting of five members to be elected as provided in section 8 of this act.

Section 8. 1. Within thirty days after the order declaring the district organized has become final, the circuit clerk of the county in which the petition was filed shall give notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, to call a meeting of the owners of real property and registered voters resident within the district at a day and hour specified in a public place in the county in which the petition was filed for the purpose of electing a board of five directors, two to serve one year, two to serve two years, and one to serve three years, to be composed of residents of the district.

2. The attendees, when assembled, shall organize by the election of a chairman and secretary of the meeting who shall conduct the election.

3. Each director shall serve for a term of three years and until such director's successor is duly elected and qualified. Successor directors shall be elected in the same manner as the initial directors at a meeting of the residents called by the board. Each successor director shall serve a three-year term. The remaining directors shall have the authority to elect an interim director to complete any unexpired term of a director caused by resignation or disqualification.

4. Directors shall be at least twenty-one years of age.

Section 9. 1. The board shall possess and exercise all of the district's legislative and executive powers.

2. Within thirty days after the election of the initial directors, the board shall meet. At its first meeting and after each election of new board members the board shall elect a chairman, a secretary, a treasurer and such other officers as it deems necessary from its members. A director may fill more than one office, except that a director may not fill both the office of chairman and secretary.

3. The board may employ such employees as it deems necessary; provided, however, that the board shall not employ any employee who is related within the third degree by blood or marriage to a member of the board.

4. At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district, and shall adopt a corporate seal.

5. A simple majority of the board shall constitute a quorum. If a quorum exists, a majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

6. Each director shall devote such time to the duties of the office as their faithful discharge may require and may be reimbursed for such director's actual expenditures in the performance of such director's duties on behalf of the district.

Section 10. A district may receive and use funds for the purposes of planning, designing, constructing, reconstructing, maintaining and operating one or more projects relating to law enforcement. Such funds may be derived from any funding method which is authorized by sections 1 to 20 of this act and from any other source, including but not limited to funds from federal sources, the state of Missouri or an agency of the state, a political subdivision of the state or private sources.

Section 11. 1. If approved by at least four-sevenths of the qualified voters voting on the question in the district, the district may impose a property tax in an amount not to exceed the annual rate of thirty cents on the hundred dollars assessed valuation. The district board may levy a property tax rate lower than its approved tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval. The property tax shall be uniform throughout the district.

2. The ballot of submission shall be substantially in the following form:

Shall the Law Enforcement District impose a property tax upon all real and tangible personal property within the district at a rate of not more than (insert amount) cents per hundred dollars assessed valuation for the purpose of providing revenue for the development of a project (or projects) in the district (insert general description of the project or projects, if necessary)?

G YES

G NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his or her commissions, remit to the treasurer of that district the amount collected or received by him or her prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

Section 12. 1. A district may contract and incur obligations appropriate to accomplish its purposes.

2. A district may enter into any lease or lease-purchase agreement for or with respect to any real or personal property necessary or convenient for its purposes.

3. A district may borrow money for its purposes at such rates of interest as the district may determine.

4. A district may enter into labor agreements, establish all bid conditions, decide all contract awards, pay all contractors and generally supervise the operation of the district.

Section 13. The district may contract with a federal agency, a state or its agencies and political subdivisions, a corporation, partnership or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; provided, however, that any contract providing for the overall management and operation of the district shall only be with a governmental entity or a not for profit corporation.

Section 14. In addition to all other powers granted by sections 1 to 20 of this act the district shall have the following general powers:

- (1) To contract with the local sheriff's department for the provision of services;
- (2) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;
- (3) To fix compensation of its employees and contractors;
- (4) To purchase any personal property necessary or convenient for its activities;
- (5) To collect and disburse funds for its activities; and
- (6) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

Section 15. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

Section 16. 1. The boundaries of any district organized pursuant to sections 1 to 20 of this act may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116,

RSMo; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 17 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

Section 17. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 16 of this act, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

GYES

G NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the

district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.

Section 18. 1. The authority of the district to levy any property tax levied pursuant to section 11 of this act may be terminated by a petition of the voters in the district in the manner prescribed in this section.

2. The petition for termination of authority to tax may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; or

(2) All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

4. If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 19 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

Section 19. 1. If the petition filed pursuant to section 18 of this act contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 18 of this act, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the authority of the Law Enforcement District to adopt property taxes be terminated?
G YES G NO

3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four-sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.

Section 20. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 1 to 20 of this act is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation

of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 8 of this act, in substantially the following form:

Shall (Insert the name of the law enforcement district) Law Enforcement District be dissolved?

GYES

GNO

2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court. If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

3. The dissolution of a district shall not invalidate or affect any right accruing to such district, or to any person, or invalidate or affect any contract or indebtedness entered into or imposed upon such district or person; and whenever the circuit court shall, pursuant to this section, dissolve a district, the court shall appoint some competent person to act as trustee for the district so dissolved and such trustee before entering upon the discharge of his or her duties shall take and subscribe an oath that he or she will faithfully discharge the duties of the office, and shall give bond with sufficient security, to be approved by the court to the use of such dissolved district, for the faithful discharge of his or her duties, and shall proceed to liquidate the district under orders of the court, including the levying of any taxes provided for in sections 1 to 20 of this act.

Section C. Because immediate action is necessary to protect the public safety, section B of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section B of this act shall be in full force and effect upon its passage and approval."; and

House Amendment No. 9

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 813, Page 2, Section 85.011, Line 24, by inserting the following at the end of said section:

"221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to the provisions of this section shall be effective unless the commission submits to the voters of the district, at a county or state general, primary or special election, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of (counties' names) impose a regionwide sales tax of (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

G Yes

G No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the ordinance or order and any amendments to such ordinance or order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, then the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by

the required majority of the qualified voters of the district voting on such proposal. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to the provisions of this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax; such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be by an appropriation act to be enacted by the commission of each such district. Expenditures may be made from the fund for any functions authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed pursuant to this section.

2. 6. Subject to the provisions of Section 50.555 the county commission may create a fund to be known as “The County Crime Reduction Fund”.

7. [6.]The county commission may create other funds as are necessary from time to time.

50.555. 1. A county commission may establish by resolution a fund whose proceeds may be expended only for the purposes provided for in subsection 3 of this section. The fund shall be designated as a county crime reduction fund and shall be under the supervision of a board of trustees consisting of one citizen of the county appointed by the presiding commissioner of the county, one citizen of the county appointed by the sheriff of the county, and one citizen of the county appointed by the county prosecuting attorney.

4. The county commission may not reduce any law enforcement agency's budget as a result of funds the law enforcement agency receives from the county crime reduction fund. The crime reduction fund is to be used only as a supplement to the law enforcement agency's funding received from other county, state or federal funds.

5. County crime reduction funds shall be audited as are all other county funds.

558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of subsections 2 through 5 of section 559.115, RSMo, relating to probation.

2. The provisions of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a defendant after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the defendant has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the defendant must serve shall be forty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(2) If the defendant has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be fifty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first. For purposes of this section, the phrase "sentence imposed by the court" means the total aggregate sentence actually imposed by the sentencing court.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or

near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an-unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

- (a) The nature and severity of each offense;
- (b) The record of prior offenses by the offender;
- (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime;

and

(d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:

- (1) Restitution to any victim for costs incurred as a result of the offender's actions;
- (2) Offender treatment programs;
- (3) Mandatory community services;
- (4) Work release programs in local facilities; and

(5) Community based residential and nonresidential programs; and

8. If the imposition or execution of a sentence is suspended for a misdemeanor, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to §50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo. An annual audit of the fund shall be conducted by the county auditor or the state auditor.

9.[8.] The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

559.021.1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

(1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and
(2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty in a misdemeanor case or finding of guilt in a misdemeanor case, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to §50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo.

[3] 4. The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4] 5. The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.”.

(5) The peace officer or bailiff may seek a stay order from the circuit court of Cole County from the preliminary order of suspension, pending the issuance of a final order by the administrative hearing commission.

3. The department shall file a complaint with the administrative hearing commission with a request for expedited preliminary hearing and shall certify the order of suspension or restriction and all sworn testimony or affidavits presented to the department. Immediately upon receipt of a complaint filed pursuant to this section, the administrative hearing commission shall set the place and date of the expedited preliminary hearing which shall be conducted as soon as possible, but not later than five days after the date of service upon the licensee. The administrative hearing commission shall grant the request of a peace officer for a continuance of the preliminary hearing; however, the department's order shall remain in full force and effect until the preliminary hearing, which shall be held not later than forty days after service of the documents required in subdivision (2) of subsection 2 of this section.

4. At the preliminary hearing, the administrative hearing commission shall receive into evidence all information certified by the department and shall only hear evidence on the issue of whether the department's order of suspension or restriction should be terminated or modified. Within one hour after the preliminary hearing, the administrative hearing commission shall issue its oral or written preliminary order, with or without findings of fact and conclusions of law, that either adopts, terminates or modifies the department's order. The administrative hearing commission shall reduce to writing any oral preliminary order within five business days, but the effective date of the order shall be the date orally issued.

5. The preliminary order of the administrative hearing commission shall become a final order and shall remain in effect for three years unless either party files a request for a full hearing on the merits of the complaint filed by the department within thirty days from the date of the issuance of the preliminary order of the administrative hearing commission.

6. Upon receipt of a request for full hearing, the administrative hearing commission shall set a date for hearing and notify the parties in writing of the time and place of the hearing. If a request for full hearing is timely filed, the preliminary order of the administrative hearing commission shall remain in effect until the administrative hearing commission enters an order terminating, modifying or dismissing its preliminary order or until the department issues an order of discipline following its consideration of the decision of the administrative hearing commission pursuant to section 621.110, RSMo, and subsection 3 of section 590.137.

7. Notwithstanding the provisions of this chapter or chapter 610, RSMo, or chapter 621, RSMo, to the contrary, the proceedings pursuant to this section shall be closed and no order shall be made public until it is final, for purposes of appeal.

8. The burden of proving the elements listed in subsection 2 of this section shall be upon the department of public safety.

590.138. Upon application by the department, and the necessary burden having been met, a court of general jurisdiction may grant an injunction, restraining order or other order as may be appropriate to enjoin a person from engaging in any practice or business authorized by a certificate, permit or license issued pursuant to this chapter upon a showing that the holder presents a substantial probability of serious danger to the health, safety or welfare of any resident of the state.

590.139. 1. The director may administer oaths, subpoena witnesses, issue subpoenas duces tecum and require production of documents and records. Subpoenas, including subpoenas duces tecum, shall be served by a person authorized to serve subpoenas of courts of record. In lieu of requiring attendance of a person to

produce original documents in response to a subpoena duces tecum, the department may require sworn copies of such documents to be filed with it or delivered to its designated representative.

2. The department may enforce its subpoenas, including subpoenas duces tecum, by applying to a circuit court of the county of the investigation, hearing or proceeding, or any county where the person resides or may be found, for an order upon any person who shall fail to obey a subpoena to show cause why such subpoena should not be enforced. The show cause order and a copy of the application shall be served upon the person in the same manner as a summons in a civil action. If the circuit court after a hearing, determines that the subpoena should be sustained and enforced, the court shall proceed to enforce the subpoena in the same manner as though the subpoena had been issued in a civil case in the circuit court.

3. In any investigation, hearing or other proceeding to determine a peace officer's or applicant's fitness to serve as a peace officer, any record relating to any peace officer or applicant shall be discoverable by the department and admissible into evidence, regardless of any statutory or common law privilege which such peace officer, applicant, record custodian might otherwise invoke. In addition, no peace officer, applicant or record custodian may withhold records or testimony bearing upon the peace officer's or applicant's fitness to practice on the grounds of privilege between the peace officer, certified reserve officer, applicant or record custodian.

4. Any person who reports or provides information to the department, or any person who assists the department, including, but not limited to, applicants, peace officers who are the subject of an investigation or serving on competency panels, record custodians, consultants, attorneys, department members, agents, employees or expert witnesses, in the course of any investigation, hearing or other proceeding conducted by or before the department pursuant to the provisions of this chapter and who does so in good faith and without negligence or malice shall not be subject to an action of civil damages as a result, and no cause of action of any nature shall arise against such person.

590.140. 1. A surcharge of two dollars may be assessed as costs in each criminal case involving violations of any county ordinance or a violation of any criminal or traffic laws of the state, including infractions, or violations of municipal ordinances, provided that no such fee shall be collected in any proceeding in any court when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county or municipality. For violations of the general criminal laws of the state or county ordinances, no such surcharge shall be collected unless it is authorized by the county government where the violation occurred. For violations of municipal ordinances, no such surcharge shall be collected unless it is authorized by the municipal government where the violation occurred. Any such surcharge shall be authorized by the county or municipality and written notice given to the supreme court of such authorization prior to December first of the year preceding the state fiscal year during which such surcharge is to be collected and disbursed in the manner provided by sections 488.010 to 488.020, RSMo. If imposed by a municipality, such surcharges shall be collected by the clerk of the municipal court responsible for collecting court costs and fines and shall be transmitted monthly to the treasurer of the municipality where the violation occurred in cases of violations of municipal ordinances. If imposed by a county, such surcharges shall be collected and disbursed as provided in sections 488.010 to 488.020, RSMo. Such surcharges shall be payable to the treasurer of the county where the violation occurred in the case of violations of the general criminal laws of the state or county ordinances. An additional surcharge in the amount of one dollar shall be assessed as provided in this section, and shall be collected and disbursed as provided in sections 488.010 to 488.020, RSMo, and payable to the state treasury to the credit of the peace officer standards and training commission fund created in section 590.178. Such surcharges shall be in addition to the court costs and fees and limits on such court costs and fees established by section 66.110, RSMo, and section 479.260, RSMo.

2. Each county and municipality shall use all funds received [under] **pursuant to** this section only to pay for the training required as provided in sections 590.100 to 590.180 or for the training of county coroners and their deputies **provided that any excess funds not allocated to pay for such training may be used to pay for additional training of peace officers or for training of other law enforcement personnel employed or appointed by the county or municipality.** No county or municipality shall retain more than one thousand five hundred dollars of such funds for each certified law enforcement officer, candidate for certification employed by that agency or a coroner and the coroner's deputies. Any excess funds shall be transmitted quarterly to the general revenue fund of the county or municipality treasury which assessed the costs.

[590.150. The provisions of sections 590.100 to 590.180 shall not apply to a political subdivision having a population of less than two thousand persons or which does not have at least four full-time paid peace officers unless such political subdivision is located in a county of the first class having a charter form of government; provided, however, the governing body of the political subdivision may by order or ordinance elect to come under the provisions of sections 590.100 to 590.180 or such election may be later rescinded and, provided further, that upon election to come

under the provisions of sections 590.100 to 590.180 the political subdivision shall be entitled to authorize the fees allowed by section 590.140, otherwise, such fees shall not be collected.]

[590.170. 1. The director shall consult with Missouri sheriffs and their professional organizations and after such consultation shall formulate a training program for persons elected for the first time to the office of sheriff for the purpose of developing improved law enforcement procedures throughout the state.

2. The training program shall consist of at least one hundred twenty hours of instruction covering all major phases of law enforcement with emphasis on the duties and responsibilities of sheriffs.]

[590.175. 1. Any person who is elected to his first term as sheriff in a general election or in a special election in any county of this state shall, within eighteen months of such election, cause to be filed with the presiding circuit judge of the county and director of the department of public safety proof that he has completed the training program formulated pursuant to sections 590.170 and 590.175 or some other comparable training program of not less than one hundred twenty hours instruction approved by the director of the department of public safety.

2. Whether any person elected to his first term as sheriff attends such a training program prior to or after assuming the duties of his office shall be left to the discretion of the governing body of the county from which he was elected. During the time that a sheriff-elect is enrolled in such a training program, he shall be hired as a county employee and receive as full compensation from the county from which he was elected, compensation at a rate equal to that of the sheriff of the county. Tuition and room and board for newly elected sheriffs and sheriffs-elect enrolled in such a training program shall be paid by the state.]

590.180. 1. Any person who purposely violates any of the provisions of section 590.110, 590.115 [or 590.175], **590.140 or 590.178** is guilty of a class B misdemeanor.

2. **A person commits a class B misdemeanor if, in violation of sections 590.100 to 590.180, such person knowingly:**

2. For the purposes of this [act] **section**, the following terms shall mean:

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, WEDNESDAY, MAY 3, 2000

Speaker Gaw in the Chair.

Prayer by Father David Buescher.

Almighty Goodness, those who know You well testify that “The earth is full of the Goodness of the Lord”. Help this House make plain that truth today. May these women and men uncover decency and integrity in word and deed. Let wisdom and agreement be unearthed from the labors of committees and discussions, discovered even in the wrangling and dispute so much a necessary part of the democratic process. So may even these final difficult days of this session attest that You are at work in the heart of our world, in the core of society, in the nucleus of this Chamber. Thank You, God, and help us, today and always. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Brandon Hammack, Courtney Kuhl, Justin Welch, Matt Koehner, Philip Christensen, Taylor Billings, Tiffany White, Riley Lohrmann, Bethany Parry, Leah Avila, Ashley Greer, Maxwell Vinas, Jacob Kuechenmeister, Joe Petri, Brandon Moore, LaShara Russell and Stephanie Adams.

The Journal of the sixty-third day was approved as corrected by the following vote:

WHEREAS, effective March 15, 2000, the federal Drug Enforcement Administration (DEA) will no longer provide funding to states for the cleanup of clandestine drug laboratories; and

WHEREAS, in 1999, the Missouri State Highway Patrol conducted 757 clandestine drug laboratory investigations with a total of 615 drug labs seized; and

WHEREAS, the cost of cleaning up a clandestine drug laboratory can easily reach into the thousands of dollars; and

WHEREAS, if the DEA does not cover the cost of cleaning up these laboratories, many state and local law enforcement agency budgets will be severely strained by the additional burden of covering the laboratory cleanup costs, with some agencies being forced to completely shut down their clandestine drug laboratory seizure operations due to the additional financial burden; and

WHEREAS, the safety of the citizens of the state of Missouri will be greatly impacted if clandestine drug laboratories are allowed to continue operations because state and local law enforcement agencies simply cannot afford to seize and clean up these laboratories:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninetieth General Assembly, Second Regular Session, the Senate concurring therein, hereby oppose the federal Drug Enforcement Administration's decision to cut off state funding to cover the cost of cleaning up clandestine drug laboratories; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for William B. Simpkins, Assistant Administrator of the Operational Support Division of the federal Drug Enforcement Administration.

On and after the first day of July next following the operative date, any member who is sixty or more years of age and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more, or whose creditable service is thirty years or more regardless of age, may retire upon written application to the board of trustees and receive the full retirement benefits on the member's creditable service. Any other member whose creditable service is twenty-five or more years, or who has attained age fifty-five and whose creditable service is at least five years but less than twenty-five years, may retire upon written application to the board of trustees and receive the actuarial equivalent of the benefit to which the member would be entitled if the member was sixty years of age.

If such disability shall cease to exist before the recipient of such benefits reaches age sixty, the member's membership status as of the date of the member's disability retirement shall be restored. If the member seeks, before becoming eligible for such retirement allowance, to withdraw the member's accumulated contributions, the total of such disability payments

shall be deducted from the amount otherwise due the member.

3. Disability, as a basis for retirement, shall render the individual incapable of earning a livelihood in any occupation and shall be of such a nature as to warrant the assumption that it will be permanent. Whether or not such disability exists in any case shall be adjudged in the manner provided in subsection 15 of section 169.020 by the board of trustees on the basis of reports made by two or more physicians selected by the board to examine the member. Until the member reaches age sixty, the recipient of a disability retirement allowance may be required to submit to periodic examinations by physicians selected by the board, and if any such examination shows that the recipient is no longer incapable of earning a livelihood in any occupation, the member's disability retirement shall be terminated. **For the purposes of adjustments to Social Security Administration disability benefits pursuant to 20 CFR 404.408 any member receiving disability benefits pursuant to this section who is at least fifty-five years of age and whose creditable service is at least twenty-five years shall be considered to be receiving a normal retirement benefit pursuant to this section.**"; and

If such disability shall cease to exist before the recipient of such benefits reaches age sixty, the member's membership status as of the date of the member's disability retirement shall be restored. If the member dies before becoming eligible for a retirement allowance, or if the member seeks to withdraw the member's accumulated contributions, the total of such disability payments shall be deducted from the amount otherwise due the member, the member's beneficiary, or the member's estate.

2. "Disability", as a basis for retirement, shall render the individual incapable of earning a livelihood in any occupation and shall be of such nature as to warrant the assumption that it will be permanent. Whether or not such disability exists, in any case, shall be adjudged in the manner provided in subsection 15 of section 169.020 by the board of trustees on the basis of evidence that the board by its regulations may require.

3. For the purposes of adjustments to Social Security Administration disability benefits pursuant to 20 CFR 404.408 any member receiving disability benefits pursuant to this section who is at least fifty-five years of age and whose creditable service is at least twenty-five years shall be considered to be receiving a normal retirement benefit pursuant to this section."; and

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 4, 2000

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Frederick Elskamp, St. Joseph Cathedral, Jefferson City.

Holy God, Creator of the universe, author of all truth, goodness, and life, we thank You for Your creation. We thank You for this beautiful day, and for this hour when we convene for the common good. We are called together by the people of Missouri to decide concerning important matters of state, which will affect many people.

Give us, we pray, wisdom; give us discernment; give us a sense of justice for all; for the rich and the poor, for the very old and the very young; the powerful and for the very weak. For those who will vote for us, and for those who will vote for our opponents. May we be fair and loving toward all. Help us to be **honest** with ourselves, with You, and honest with one another.

May we, then, be blessed today in our labors, and may we be a blessing for one another, and for all. And may we praise You, who deserve all praise and glory and honor. For the Kingdom is Yours, and the power, and the glory - forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Christa Gilbert, Brandon Hamilton, Daniel King, Emily Werner and Kayle Anne Mosby.

Representative Smith assumed the Chair.

Speaker Pro Tem Kreider resumed the Chair.

Representative Crump moved that the Journal of the sixty-fourth day be approved as corrected.

Representative Shields raised a point of order that pursuant to Rule 94, the thirty minute time limit on the roll call had expired.

The Chair ruled the point of order well taken.

Representative Crump again moved that the Journal of the sixty-fourth day be approved as corrected.

Which motion was defeated by the following vote:

The Chair ruled the point of order well taken.

Representative McClelland offered **House Amendment No. 13**.

House Amendment No. 13

AMEND House Committee Substitute for Senate Bill No. 944, Page 7, Section 160.660, Line 11, by inserting after all of said line the following:

"161.650. 1. The department of elementary and secondary education shall identify and[, if necessary,] adopt an existing program or programs of educational instruction regarding violence prevention to be administered by public school districts pursuant to subsection 2 of this section, and which shall include, **but shall not be limited to**, instructing students of the negative consequences, both to the individual and to society at large, of membership in or association with criminal street gangs or participation in criminal street gang activity, as those phrases are defined in section 578.421, RSMo, and shall include related training for school district employees directly responsible for the education of students concerning violence prevention and early identification of and intervention in violent behavior. The state board of education shall adopt such program or programs by rule as approved for use in Missouri public schools. The program or programs of instruction shall encourage nonviolent conflict resolution of problems facing youth; present alternative constructive activities for the students; encourage community participation in program instruction, including but not limited to parents and law enforcement officials; and shall be administered as appropriate for different grade levels and shall not be offered for academic credit.

2. [Beginning no later than the 1998-99 school year and each school year thereafter,] All public school districts within this state with the approval of the district's board of education may administer the program or programs of student instruction adopted pursuant to subsection 1 of this section to students within the district starting at the kindergarten level and every year thereafter through the twelfth grade level.

3. **Any district adopting and providing a program of instruction pursuant to this section shall be entitled to receive state aid pursuant to section 163.031, RSMo. If such aid is determined by the department to be**

insufficient to implement any program or programs adopted by a district pursuant to this section:

(1) The department may fund the program or programs adopted pursuant to this section or pursuant to subsection 2 of section 160.530, RSMo, or both, after securing any funding available from alternative sources[.]; **and**

(2) School districts may fund the program or programs from funds received pursuant to subsection 1 of section 160.530, RSMo, and section 166.260, RSMo.

4. No rule or portion of a rule promulgated [under the authority of] **pursuant to** this section shall become effective unless it has been promulgated pursuant to [the provisions of section 536.024] **chapter 536**, RSMo.

163.031. 1. School districts which meet the requirements of section 163.021 shall be entitled to an amount computed as follows: an amount determined by multiplying the number of eligible pupils by the lesser of the district's equalized operating levy for school purposes as defined in section 163.011 or two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor plus an amount determined by multiplying the number of eligible pupils by the greater of zero or the district's equalized operating levy for school purposes as defined in section 163.011 minus two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor. For the purposes of this section, the proration factor shall be equal to the sum of the total appropriation for distribution under subsections 1 and 2 of this section; and the state total of the deductions as calculated in subsection 2 of this section which do not exceed the district entitlements as adjusted by the same proration factor; divided by the amount of the state total of district entitlements before proration as calculated pursuant to this subsection; provided that, if the proration factor so calculated is greater than one, the proration factor for line 1(b) shall be the greater of one or the proration factor for line 1(a) minus five hundredths, and provided that if the proration factor so calculated is less than one, the proration factor for line 1(a) shall be the lesser of one or the proration factor for line 1(b) plus five hundredths.

2. From the district entitlement for each district there shall be deducted the following amounts: an amount determined by multiplying the district equalized assessed valuation by the district's equalized operating levy for school purposes times the district income factor plus ninety percent of any payment received the current year of protested taxes due in prior years no earlier than the 1997 tax year minus the amount of any protested taxes due in the current year and for which notice of protest was received during the current year; one hundred percent of the amount received the previous year for school purposes from intangible taxes, fines, forfeitures and escheats, payments in lieu of taxes and receipts from state assessed railroad and utility tax, except that any penalty paid after July 1, 1995, by a concentrated animal feeding operation as defined by the department of natural resources rule shall not be included; one hundred percent of the amounts received the previous year for school purposes from federal properties pursuant to sections 12.070 and 12.080, RSMo; federal impact aid received the previous year for school purposes pursuant to P.L. 81-874 less fifty thousand dollars multiplied by ninety percent or the maximum percentage allowed by federal regulation if that percentage is less than ninety; fifty percent, or the percentage otherwise provided in section 163.087, of Proposition C revenues received the previous year for school purposes from the school district trust fund pursuant to section 163.087; one hundred percent of the amount received the previous year for school purposes from the fair share fund pursuant to section 149.015, RSMo; and one hundred percent of the amount received the previous year for school purposes from the free textbook fund, pursuant to section 148.360, RSMo.

3. School districts which meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. There shall be individual proration factors for each categorical entitlement provided for in this subsection, and each proration factor shall be determined by annual appropriations, but no categorical proration factor shall exceed the entitlement proration factor established pursuant to subsection 1 of this section, except that the vocational education entitlement proration factor established pursuant to line 16 of subsection 6 of this section and the educational and screening program entitlements proration factor established pursuant to line 17 of subsection 6 of this section may exceed the entitlement proration factor established pursuant to subsection 1 of this section. The categorical add-on for the district shall be the sum of: **seventy-five percent of the costs of adopting and providing a violence prevention program pursuant to section 161.650, RSMo, multiplied by the proration factor;** seventy-five percent of the district allowable transportation costs pursuant to section 163.161 multiplied by the proration factor; the special education approved or allowed cost entitlement for the district, provided for by section 162.975, RSMo, multiplied by the proration factor; seventy-five percent of the district gifted education approved or allowable cost entitlement as determined pursuant to section 162.975, RSMo, multiplied by the proration factor; the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, multiplied by twenty percent, for a district with an operating levy in excess of two dollars and seventy-five cents per one hundred dollars assessed valuation, or twenty-two percent, otherwise times the guaranteed tax base per eligible pupil times two dollars and seventy-five cents per one hundred dollars assessed valuation times the proration factor plus the free and reduced lunch eligible pupil count for the district,

as defined in section 163.011, times thirty percent times the guaranteed tax base per eligible pupil times the following quantity: ((the greater of zero or the district's operating levy for school purposes minus two dollars and seventy-five cents per one hundred dollars assessed valuation) times one or, beginning in the fifth year following the effective date of this section, the quotient of the district's fiscal instructional ratio of efficiency for the prior year divided by the fiscal year 1998 statewide average fiscal instructional ratio of efficiency, if the district's prior year fiscal instructional ratio of efficiency is at least five percent below the fiscal year 1998 statewide average) times the proration factor, minus court-ordered state desegregation aid received by the district for operating purposes; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo, multiplied by the proration factor; the vocational education entitlement for the district, as provided for in section 167.332, RSMo, multiplied by the proration factor and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699, RSMo, times the proration factor.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

(2) The revenue per eligible pupil received by a district from the following sources: line 1 minus line 10, or zero if line 1 minus line 10 is less than zero, plus line 14 of subsection 6 of this section, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14 per eligible pupil that exceeds the line 14 per pupil amount from the 1997-98 school year, or the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14(a) per eligible pupil times the quotient of line 1 minus line 10, divided by the number of eligible pupils, or zero if line 1 minus line 10 is less than zero, divided by the revenue per eligible pupil received by the district in the 1992-93 school year from the foundation formula entitlement payment amount, whichever is greater. The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section.

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section, shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid

received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

6. State aid shall be determined as follows:

House Amendment No. 16

AMEND House Committee Substitute for Senate Bill No. 944, Page 21, Section 167.171, Line 80, by inserting after all of said line the following:

"168.221. 1. In an effort to improve school student safety and promote a good educational environment, the first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his **or her** incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in

each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him **or her** for instructing or associating with children, and then only by a vote of not less than [a majority of all] the **requisite number of** members of the board **pursuant to this subsection**, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not, by a [majority] vote of [all the] **not less than the requisite number of** members **pursuant to this subsection**, remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the presentment of charges against him **or her** by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his **or her** inefficiency. **The board may vote to remove a teacher pursuant to this subsection as follows:**

(1) At the first meeting at which the removal of a teacher is at issue, at least four members of the board must be present in order to conduct a removal hearing or a vote of removal, and the board shall not remove such teacher unless a majority of the members present at such meeting vote in favor of removal; and

(2) At any meeting after the first meeting at which the removal of the same teacher is at issue, at least three members of the board must be present in order to conduct a removal hearing or a vote of removal, and the board shall not remove such teacher unless a majority of the members present at such meeting vote in favor of removal; except that, if only three members of the board are present at such meeting, then a unanimous vote of all three present members shall be required to remove such teacher.

4. No teacher whose appointment has become permanent shall be demoted nor shall his **or her** salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him **or her** by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers or principals, or both, because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers or principals, or both, beginning with those serving probationary periods, to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher or principal placed on a leave of absence shall be precluded from securing other

employment during the period of the leave of absence. Each teacher or principal placed on leave of absence shall be reinstated in inverse order of his **or her** placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers or principals on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers or principals fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, FRIDAY, MAY 5, 2000

Speaker Gaw in the Chair.

Prayer by Father David Buescher.

Heavenly Power, You are faithful to us, offering us time and potential to do much good, trusting in our capabilities, and arming our minds, hearts, and souls. So may we be faithful to You. Help this House rise up to its capacities today, building freely on our best efforts in the past.

May we assemble ourselves on the promise - first, on our promise in that we are potentially created in Your likeness and are informed with Your divinity; and second, on Your promise to be within our hearts, minds, and souls at all times.

We know You are everywhere - may that everywhere invade gracefully especially this Chamber as well as this whole building today, and always, world without end. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ryan Hunt.

The Journal of the sixty-fifth day was approved as corrected.

(12) Misrepresent a material fact or create a false or misleading impression in the sale of a business opportunity.

"To repeal section 173.239, RSMo Supp. 1999, and to enact in lieu thereof six new sections relating to assistance for members of the Missouri military, with an emergency clause for a certain section"; and

Further amend said bill, Page 1, Section A, Line 12 of said page, by inserting after all of said line the following:

"42.150. 1. Every person who served on active duty in the United States military service, including the merchant marine serving under veteran status, during World War II, except those excluded pursuant to section 42.155, for a period of at least one hundred eighty-one consecutive days, and who, either at the time of entering service, was a legal resident of the state of Missouri, or was a resident of the state at the time this bill was presented in 2000, and who was honorably separated or discharged from service, or is still in active service in an honorable status, or has been retired, furloughed to a reserve or placed on inactive status, shall receive one lump sum bonus of three hundred dollars, regardless of whether or not he or she served overseas.

2. No person is entitled to a bonus pursuant to this section who has been at any time guilty of any fraud or willful violation or evasion of or resistance to the Selective Service Act, or the rules and regulations of the War or Defense Department in force thereunder, or who has been paid a bonus by any other state for the same service or is incarcerated for conviction of a felony.

3. No right or payment pursuant to sections 42.150 to 42.170 is taxable or subject to the claim of any creditor.

42.155. 1. In the case of the death, after application, of any person who would be entitled to the bonus pursuant to sections 42.150 to 42.170, the same shall be paid to the following persons in the order named: first, the surviving spouse, unless remarried; second, any surviving child, and if there is more than one child surviving then equally among such children; third, any surviving mother or father, who shall share equally if both are surviving.

2. Every person making application for a bonus as provided in sections 42.150 to 42.170 shall set forth in his or her application the names and addresses of all persons who would be entitled to receive the same in the event of the death of the applicant and, if the applicant dies before payment of the bonus, then such application shall inure to the benefit of the person next entitled thereto and payment shall be made to such person upon proof of identity satisfactory to the adjutant general. If all persons designated in sections 42.150 to 42.170 as being entitled to the bonus of any deceased person die before payment thereof, the right of the bonus ceases and terminates. Application for bonus made in behalf of minor children may be made by the duly appointed guardian or curator of such children, or by any person duly appointed by the probate court for the purpose of

making such application.

42.160. 1. The adjutant general of the state of Missouri shall administer sections 42.150 to 42.170, and may adopt all necessary rules and regulations to implement the provisions of sections 42.150 to 42.170. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. The adjutant general shall determine as expeditiously as possible the persons who are entitled to payments pursuant to sections 42.150 to 42.170 and direct the payment in the manner herein prescribed. Applications for payment shall be filed with the adjutant general's office within one year from the effective date of sections 42.150 to 42.170 on forms prescribed and furnished by the office. The adjutant general shall approve all claims that are in order and allowable, and shall cause a voucher for each approved claim to be prepared for the proper amount and transmitted to the commissioner of administration.

2. If the adjutant general, after due consideration, finally disallows the claim of any person for the bonus pursuant to sections 42.150 to 42.170, a statement of the reason for disallowance shall be filed with the application and notice thereof mailed to the applicant at his or her last known address. Within sixty days after mailing this notice, the applicant may have his or her application reconsidered by the governor, attorney general and director of veterans affairs, sitting as a board of review, upon filing with the adjutant general an application for review. Upon the filing of the application for review the adjutant general shall, within thirty days of receipt of such application, deliver to the governor all papers and files in his or her office pertaining to the claim. Upon receipt of such papers and files, the governor shall arrange for a hearing by the board of review and shall cause notice of such hearing to be mailed to the applicant. The applicant shall be entitled to appear at the hearing and be represented by counsel. If the decision of the adjutant general is approved at such hearing, a statement to that effect shall be made and signed by the governor and all the files again returned to the adjutant general. If the board of review overrules the decision of the adjutant general and allows the claim for the bonus, then the decision shall be certified by the governor to the adjutant general and the adjutant general shall allow the claim and transmit a voucher for such claim to the commissioner of administration in the same manner as if the claim had been allowed by the adjutant general in the first instance.

42.165. The "Veterans Service Bonus Fund", is hereby created in the state treasury. Money appropriated to the fund shall be retained therein until the accumulated balance in the fund is sufficient to pay the claims filed and allowed pursuant to section 42.160. As soon as possible after the expiration of one year from the effective date of sections 42.150 to 42.170, and after final action on all duly filed claims has been taken pursuant to section 42.160, the commissioner of administration shall notify the state treasurer of the total amount necessary to pay the vouchers transmitted to his or her office by the adjutant general. When all bonus claims filed and allowed have been paid, the fund shall automatically be terminated. The commissioner of administration shall certify the claims allowed by the adjutant general to the state treasurer for payment and the state treasurer shall pay the claims out of the fund as provided by law. Any balance remaining in the veterans service bonus fund after all claims have been paid shall be transferred to the veterans' commission capital improvements trust fund established in section 313.835, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not revert to the credit of the general revenue fund at the end of the biennium.

42.170. Whoever knowingly makes a false statement, oral or written, of any material fact relating to a claim pursuant to the provisions of sections 42.150 to 42.170 is guilty of a class A misdemeanor."; and

No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. The adjutant general shall determine as expeditiously as possible the persons who are entitled to payments pursuant to sections 42.150 to 42.170 and direct the payment in the manner herein prescribed. Applications for payment shall be filed with the adjutant general's office within one year from the effective date of sections 42.150 to 42.170 on forms prescribed and furnished by the office. The adjutant general shall approve all claims that are in order and allowable, and shall cause a voucher for each approved claim to be prepared for the proper amount and transmitted to the commissioner of administration.

2. If the adjutant general, after due consideration, finally disallows the claim of any person for the bonus pursuant to sections 42.150 to 42.170, a statement of the reason for disallowance shall be filed with the application and notice thereof mailed to the applicant at his or her last known address. Within sixty days after mailing this notice, the applicant may have his or her application reconsidered by the governor, attorney general and director of veterans affairs, sitting as a board of review, upon filing with the adjutant general an application for review. Upon the filing of the application for review the adjutant general shall, within thirty days of receipt of such application, deliver to the governor all papers and files in his or her office pertaining to the claim. Upon receipt of such papers and files, the governor shall arrange for a hearing by the board of review and shall cause notice of such hearing to be mailed to the applicant. The applicant shall be entitled to appear at the hearing and be represented by counsel. If the decision of the adjutant general is approved at such hearing, a statement to that effect shall be made and signed by the governor and all the files again returned to the adjutant general. If the board of review overrules the decision of the adjutant general and allows the claim for the bonus, then the decision shall be certified by the governor to the adjutant general and the adjutant general shall allow the claim and transmit a voucher for such claim to the commissioner of administration in the same manner as if the claim had been allowed by the adjutant general in the first instance.

42.165. The "Veterans' Service Bonus Fund", is hereby created in the state treasury. Money appropriated to the fund shall be retained therein until the accumulated balance in the fund is sufficient to pay

the claims filed and allowed pursuant to section 42.160. As soon as possible after the expiration of one year from the effective date of sections 42.150 to 42.170, and after final action on all duly filed claims has been taken pursuant to section 42.160, the commissioner of administration shall notify the state treasurer of the total amount necessary to pay the vouchers transmitted to his or her office by the adjutant general. When all bonus claims filed and allowed have been paid, the fund shall automatically be terminated. The commissioner of administration shall certify the claims allowed by the adjutant general to the state treasurer for payment and the state treasurer shall pay the claims out of the fund as provided by law. Any balance remaining in the veterans' service bonus fund after all claims have been paid shall be transferred to the veterans' commission capital improvements trust fund established in section 313.835, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not revert to the credit of the general revenue fund at the end of the biennium.

42.170. Whoever knowingly makes a false statement, oral or written, of any material fact relating to a claim pursuant to the provisions of sections 42.150 to 42.170 is guilty of a class A misdemeanor.

42.180. 1. Every veteran who honorably served on active duty in the United States military service at any time beginning December 7, 1941, and ending September 30, 1945, shall be entitled to receive a medallion, medal and a certificate of appreciation pursuant to sections 42.180 to 42.195; provided that:

- (1) Such veteran is a legal resident of this state on August 28, 2000; and
- (2) Such veteran was honorably separated or discharged from military service or is still in active service in an honorable status.

2. The medallion, medal and the certificate shall be awarded regardless of whether or not such veteran served within the United States or in a foreign country. The medallion, medal and the certificate shall be awarded regardless of whether or not such veteran was under eighteen years of age at the time of enlistment. For purposes of sections 42.180 to 42.195, "veteran" means any person defined as a veteran by the United States Department of Veterans' Affairs or its successor agency.

42.185. 1. Except as otherwise provided in sections 42.180 to 42.195, the adjutant general of the state of Missouri shall administer sections 42.180 to 42.195, and may adopt all rules and regulations necessary to administer the provisions of sections 42.180 to 42.195. No rule or portion of a rule promulgated pursuant to sections 42.180 to 42.195 shall become effective unless promulgated pursuant to chapter 536, RSMo.

2. The adjutant general shall determine as expeditiously as possible the persons who are entitled to a medallion, medal and a certificate pursuant to sections 42.180 to 42.195 and distribute the medallions, medals and the certificates as provided in sections 42.180 to 42.195. Applications for the medallion, medal and the certificate shall be filed with the office of the adjutant general at any time after January 1, 2001, and before January 1, 2002, on forms prescribed and furnished by the adjutant general's office. The adjutant general shall approve all applications that are in order, and shall cause a medallion, medal and a certificate to be prepared for each approved veteran in the form created by the veterans' commission pursuant to section 42.190.

3. If any person dies after applying for a medallion or medal and a certificate pursuant to sections 42.180 to 42.195 and such person would have been entitled to the medallion, medal and the certificate, the adjutant general shall give the medallion, medal and the certificate to the person to whom the largest portion of the veteran's estate was given in such veteran's will. If the estate was split evenly among two or more persons, the surviving spouse, the eldest living child or the closest relative by degree of consanguinity, in that order, shall receive the medallion, medal and the certificate. If there was no will, the veteran's intestate survivor shall receive the medallion, medal and the certificate.

4. If the adjutant general disallows any veteran's claim to a medallion, medal and a certificate pursuant to sections 42.180 to 42.195, a statement of the reason for the disallowance shall be filed with the application and notice of this disallowance shall be mailed to the applicant at the applicant's last known address.

42.190. The veterans' commission shall design the form of the medallion, medal, and the certificate and forward the approved designs to the adjutant general for distribution pursuant to sections 42.180 to 42.195. It is the intent of the general assembly to create statewide involvement in the design of these symbols in recognition of this historic endeavor. Therefore, in designing the forms, the veterans' commission may solicit potential designs from elementary and secondary schools, veterans' groups, civic organizations or any other interested party, and may select the best design from among such solicited designs, or may select another design.

42.195. 1. The "World War II Veterans' Recognition Award Fund" is hereby created in the state treasury, and shall consist of all gifts, donations and bequests to the fund. The fund shall be administered by the adjutant general. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the

World War II veterans' recognition award fund shall not be transferred to the credit of the general revenue fund at the end of the biennium. Interest and moneys earned on the fund shall be credited to the fund.

2. Moneys in the fund shall be used solely to promote the solicitation for designs for, aid in the manufacture of and aid in the distribution of the medallion, medal and the certificate.

3. When all allowed medallions, medals and certificates have been distributed, the fund shall automatically be terminated. Any balance remaining in the fund after all such distributions shall be transferred to the veterans' commission capital improvement trust fund created in section 313.835, RSMo."; and

278.135. 1. Any soil and water conservation district engaged in the marketing or buying and selling of farm products used directly or indirectly in soil conservation shall be required to obtain approval from the state soil and water districts commission to continue such activity if the commission receives written complaints from three or more business entities. Upon request from any person, all soil and water conservation districts shall

provide information on the complaint procedure provided for in this section, including information on how to contact the state soil and water districts commission.

2. The commission shall notify the district upon receiving complaints from three or more business entities pursuant to subsection 1 of this section, and request that the district provide information to the commission on the marketing, buying, and selling activity within sixty days. The commission shall grant approval only upon finding that the products being marketed, bought, and sold are:

- (1) Reasonably related to soil and water conservation; and
- (2) Not readily available in the area.

If the commission grants approval to a district, no complaints about the marketing, buying, or selling activities of such district shall be accepted by the commission from any business entity for a period of one year after the date of approval, and no such complaints shall be accepted by the commission from the same business entities that initiated the approval procedure pursuant to this section for a period of three years after the date of approval.

The election shall be conducted within the district by the election authority.

(5) The election authorities shall thereafter promptly certify the result to the circuit court. The court, acting as a court of equity, shall thereupon without delay enter a decree detaching and excluding the area in question located within the corporate limits of the city from the public water supply district; except that before the decree detaching and excluding the area becomes final or effective, the city shall show to the court that it has assumed and agreed to pay in lump sum or in installments not less than that proportion of the sum of all existing liquidated general obligations and of all unpaid revenue bonds and interest thereon to date, of the water supply district as the assessed valuation of the real and tangible personal property within the area sought to be detached and excluded bears to the assessed valuation of all of the real and tangible personal property within the entire area of the district, according to the official county assessment of property as of December thirty-first of the calendar year next preceding the date of the election, and in addition thereto that the city has assumed and agreed to **assume or pay in a lump sum all contractual obligations of the water district that are greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water, and to pay the court costs.**

(6) The decree shall thereupon vest in the city the absolute title, free and clear of all liens or encumbrances of every kind and character, to all tangible real and personal property of the public water supply district located within the part of the district situated within the corporate limits of the city with full power in the city to use and dispose of the tangible real and personal property as it deems best in the public interest.

(7) If the proposal fails to receive the approval of the voters the question may be again presented by another petition and again voted on, but not sooner than six months.

(8) Any and all sums paid out by the city under this section, other than the costs of the election, shall be administered by the circuit court for the benefit of the holders of the then existing and outstanding bonds of the district, and the remainder of such sums, if any, shall be delivered to the district to be expended in the operation, maintenance and improvement of its water distribution system.

2. Upon the effective date of any final order detaching and excluding any part of the area of any public water supply district, or leasing, selling or conveying any of the water mains, plant or equipment therein, the circuit court may, in the public interest, change the boundaries of the public water supply district and again divide or redivide the district into subdistricts for the election of directors in conformity with the provisions of section 247.040, without further petition being filed with the court so to do."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Relford, **House Amendment No. 3** was adopted.

Representative Wiggins offered **House Amendment No. 4.**

There is hereby created a water contaminant control agency to be known as the "Clean Water Commission of the State of Missouri", whose domicile for the purposes of sections 644.006 to 644.141 shall be deemed to be that of the department of natural resources. The commission shall consist of six members appointed by the governor with the advice and consent of the senate. No more than three of the members shall belong to the same political party. All members shall be representative of the general interest of the public and shall have an interest in and knowledge of conservation and the effects and control of water contaminants. Two such members, but no more than two, shall be knowledgeable concerning the needs of agriculture, industry or mining and interested in protecting these needs in a manner consistent with the purposes of sections 644.006 to 644.141. No member shall receive, or have received during the previous two years, a significant portion of his **or her** income directly or indirectly from permit holders or applicants for a permit [under] **pursuant to** any federal water pollution control act as amended and as applicable to this state. At the first meeting of the commission and at yearly intervals thereafter, the members shall select from among themselves a chairman and a vice chairman.

2. The members' terms of office shall be four years and until their successors are selected and qualified. Provided, however, that the first three members appointed shall serve a term of two years, the next three members appointed shall serve a term of four years, thereafter all members appointed shall serve a term of four years. There is no limitation on the number of terms any appointed member may serve. If a vacancy occurs the governor may appoint a member for the remaining portion of the unexpired term created by the vacancy. The governor may remove any appointed member for cause. The members of the commission shall be reimbursed for travel and other expenses actually and necessarily incurred in the performance of their duties.

3. The commission shall hold at least four regular meetings each year and such additional meetings as the chairman deems desirable at a place and time to be fixed by the chairman. Special meetings may be called by three members of the commission upon delivery of written notice to each member of the commission. Reasonable written notice of all meetings shall be given by the [executive secretary] **director** to all members of the commission. Four members of the commission shall constitute a quorum. All powers and duties conferred specifically upon members of the commission shall be exercised personally by the members and not by alternates or representatives. All actions of the commission shall be taken at meetings open to the public. Any member absent from six consecutive regular commission meetings for any cause whatsoever shall be deemed to have resigned and the vacancy shall be filled immediately in accordance with subsection 1 **of this section**.

[4. The commission shall appoint an executive secretary who shall act as its administrative agent and whose powers shall be limited to those necessary under sections 644.006 to 644.141 or any federal water pollution control act, and he shall be qualified, by education, training, and experience, in technical matters in water contaminant control.]

(5) Encourage, participate in, or conduct studies, investigations, and research and demonstrations relating to water pollution and causes, prevention, control and abatement thereof as it may deem advisable and necessary for the discharge of its duties [under] **pursuant to** sections 644.006 to 644.141;

(6) Collect and disseminate information relating to water pollution and the prevention, control and abatement thereof;

(7) After holding public hearings, identify waters of the state and prescribe water quality standards for them, giving due recognition to variations, if any, and the characteristics of different waters of the state which may be deemed by the commission to be relevant insofar as possible [under] **pursuant to** any federal water pollution control act. These shall be reevaluated and modified as required by any federal water pollution control act;

(8) Adopt, amend, promulgate, or repeal after due notice and hearing, rules and regulations to enforce, implement, and effectuate the powers and duties of sections 644.006 to 644.141 and any required of this state by any federal water pollution control act, and as the commission may deem necessary to prevent, control and abate existing or potential pollution;

Such permit conditions, in addition to all other requirements of this subdivision, shall ensure compliance with all effluent regulations or limitations, water quality

related effluent limitations, national standards of performance and toxic and pretreatment effluent standards, and all requirements and time schedules thereunder as established by sections 644.006 to 644.141 and any federal water pollution control act; however, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works;

(14) **Establish permits by rule. Such permits shall only be available for those facilities or classes of facilities that control potential water contaminants that pose a reduced threat to public health or the environment and that are in compliance with commission water quality standards rules, effluent rules or rules establishing permits by rule. Such permits by rule shall have the same legal standing as other permits issued pursuant to this chapter. Nothing in this section shall prohibit the commission from requiring a site-specific permit or a general permit for individual facilities;**

(15) Require proper maintenance and operation of treatment facilities and sewer systems and proper disposal of residual waste from all such facilities and systems;

[(15)] (16) Exercise all incidental powers necessary to carry out the purposes of sections 644.006 to 644.141, assure that the state of Missouri complies with any federal water pollution control act, retains maximum control thereunder and receives all desired federal grants, aid and benefits;

[(16)] (17) Establish effluent and pretreatment and toxic material control regulations to further the purposes of sections 644.006 to 644.141 and as required to ensure compliance with all effluent limitations, water quality related effluent limitations, national standards of performance and toxic and pretreatment effluent standards, and all requirements and any time schedules thereunder, as established by any federal water pollution control act for point sources in this state, and where necessary to prevent violation of water quality standards of this state;

[(17)] (18) Prohibit all discharges of radiological, chemical, or biological warfare agent or high-level radioactive waste into waters of this state;

[(18)] (19) Require that all publicly owned treatment works or facilities which receive or have received grants or loans from the state or the federal government for construction or improvement make all charges required by sections 644.006 to 644.141 or any federal water pollution control act for use and recovery of capital costs, and the operating authority for such works or facility is hereby authorized to make any such charges;

[(19)] (20) Represent the state of Missouri in all matters pertaining to interstate water pollution including the negotiation of interstate compacts or agreements;

[(20)] (21) Develop such facts and make such investigations as are consistent with the purposes of sections 644.006 to 644.141, and, in connection therewith, to enter or authorize any representative of the commission to enter at all reasonable times and upon reasonable notice in or upon any private or public property for any purpose required by any federal water pollution control act or sections 644.006 to 644.141 for the purpose of developing rules, regulations, limitations, standards, or permit conditions, or inspecting or investigating any records required to be kept by sections 644.006 to 644.141 or any permit issued [hereunder] **pursuant to sections 644.006 to 644.141**, any condition which the commission or [executive secretary] **director** has probable cause to believe to be a water contaminant source or the site of any suspected violation of sections 644.006 to 644.141, regulations, standards, or limitations, or permits issued [hereunder] **pursuant to sections 644.006 to 644.141**. The results of any such investigation shall be reduced to writing, and shall be furnished to the owner or operator of the property. No person shall refuse entry or access, requested for the purposes of inspection [under this provision] **pursuant to this subdivision**, to an authorized representative in carrying out the inspection. A suitably restricted search warrant, upon a showing of probable cause in writing and upon oath, shall be issued by any judge or associate circuit judge having jurisdiction to any representative for the purpose of enabling him **or her** to make such inspection. Information obtained [under] **pursuant to this section** shall be available to the public unless it constitutes trade secrets or confidential information, other than effluent data, of the person from whom it is obtained, except when disclosure is required [under] **pursuant to** any federal water pollution control act;

[(21)] (22) Retain, employ, provide for, and compensate, within appropriations available therefor, such consultants, assistants, deputies, clerks and other employees on a full- or part-time basis as may be necessary to carry out the provisions of sections 644.006 to 644.141 and prescribe the times at which they shall be appointed and their powers and duties;

[(24)] (25) Take any action necessary to implement continuing planning processes and areawide waste treatment management as established [under] **pursuant to any federal water pollution control act** or sections 644.006 to 644.141.

2. No rule or portion of a rule promulgated [under the authority of] **pursuant to** this chapter shall become effective unless it has been promulgated pursuant to [the provisions of section 536.024,] **chapter 536, RSMo.**

644.036. 1. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held after thirty days' prior notice by advertisement of the date, time and place of the hearing and opportunity given to the public to be heard. Notice of the hearings and copies of the proposed standard, rule or regulation or any amendment or repeal thereof shall also be given by regular mail, at least thirty days prior to the scheduled date of the hearing, to any person who has registered with the [executive secretary] **director** for the purpose of receiving notice of such public hearings in accordance with the procedures prescribed by the commission at least forty-five days prior to the scheduled date of the hearing. However, this provision shall not preclude necessary changes during this thirty-day period.

2. At the hearing, opportunity to be heard by the commission with respect to the subject thereof shall be afforded any interested person upon written request to the commission, addressed to the [executive secretary] **director**, not later than seven days prior to the hearing, and may be afforded to other persons if convenient. In addition, any interested persons, whether or not heard, may submit, within seven days subsequent to the hearings, a written statement of their views. The commission may solicit the views, in writing, of persons who may be affected by, or interested in, proposed rules and regulations, or standards. Any person heard or represented at the hearing or making written request for notice shall be given written notice of the action of the commission with respect to the subject thereof.

3. Any standard, rule or regulation or amendment or repeal thereof shall not be deemed adopted or in force and effect until it has been approved in writing by at least four members of the commission. A standard, rule or regulation or an amendment or repeal thereof shall not become effective until a certified copy thereof has been filed with the secretary of state as provided in chapter 536, RSMo.

4. Unless prohibited by any federal water pollution control act, any standard, rule or regulation or any amendment or repeal thereof which is adopted by the commission may differ in its terms and provisions as between particular types and conditions of water quality standards or of water contaminants, as between particular classes of water contaminant sources, and as between particular waters of the state.

644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission [if not subject to effluent regulations adopted pursuant to sections 644.006 to 644.141];

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant

to the provisions of such act shall make application to the [executive secretary] **director** for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the [executive secretary] **director** for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The [executive secretary] **director** shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the [executive secretary] **director** determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the [executive secretary] **director** shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the [executive secretary] **director** determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the [executive secretary] **director** shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act.

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the [executive secretary] **director** shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The [executive secretary] **director** shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The [executive secretary] **director**, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The [executive secretary] **director** shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The [executive secretary] **director** or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The [executive secretary] **director** shall promptly notify the applicant [or other affected party] in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit [hereunder] **issued pursuant to this section** shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. [All moneys remaining in the Missouri clean water fund on August 28, 1990, shall be transferred to the water pollution permit fee subaccount of the natural resources protection fund.] Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

10. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections

644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

11. The [executive secretary] **director** or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

12. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the timeframes established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established timeframe. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the timeframes established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the timeframes established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semi-annual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

13. The department shall respond to all requests for individual certification under section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

Violations shall include obtaining a permit [hereunder] by misrepresentation or failure to fully disclose all relevant facts.

2. If, in the opinion of the [executive secretary] **director**, the investigation discloses that a violation does exist, [he] **the director** may, by conference, conciliation or persuasion, endeavor to eliminate the violation.

3. In case of the failure by conference, conciliation or persuasion to correct or remedy any claimed violation, or as required to immediately and effectively halt or eliminate any imminent or substantial endangerments to the health or welfare of persons resulting from the discharge of pollutants, the [executive secretary] **director** shall order abatement or file an abatement complaint with the commission if no permit has been issued, or in addition may file a complaint to revoke a permit if such permit has been issued. When the [executive secretary] **director** files a complaint, the

commission shall order a hearing. The [executive secretary] **director** shall cause to have issued and served upon the person complained against a written notice of the order or complaint, together with a copy of the order or complaint, which shall specify the provision of sections 644.006 to 644.141 or the standard, rule, limitation, or regulation adopted pursuant thereto, or the condition of the permit of which the person is alleged to be in violation, and a statement of the manner in which and the extent to which the person is alleged to violate sections 644.006 to 644.141 or the standard, rule, limitation, or regulation, or condition of the permit. In any case involving a complaint, the commission shall require the person complained against to answer the charges of the formal complaint at a hearing before the commission at a time not less than thirty days after the date of notice. Service may be made upon any person within or without the state by registered mail, return receipt requested. Any person against whom the [executive secretary] **director** issues an order may appeal the order to the commission within thirty days and the appeal shall stay the enforcement of the order until final determination by the commission. The commission shall set appeals for a hearing at a time not less than thirty days after the date of the request. The commission may sustain, reverse, or modify the [executive secretary's] **director's** order or may make such other orders as the commission deems appropriate under the circumstances. If any order issued by the [executive secretary] **director** is not appealed within the time [herein] provided **in this section**, the order becomes final and may be enforced as provided in section 644.076.

4. Permits [issued hereunder] may be terminated or modified if obtained in violation of sections 644.006 to 644.141 or by misrepresentation or failing to fully disclose all relevant facts, or when required to prevent violations of any provision of sections 644.006 to 644.141, or to protect the waters of this state, when such action is required by a change in conditions or the existence of a condition which requires either a temporary or permanent reduction or elimination of the authorized discharge, subject to the right of appeal contained in this section.

5. When the commission schedules a matter for hearing, the petitioner on appeal or the respondent to a formal complaint may appear at the hearing in person or by counsel, and may make oral argument, offer testimony and evidence, and cross-examine witnesses.

6. After due consideration of the record, or upon default in appearance of the respondent on the return day specified in the notice given as provided in subsection 3, the commission shall issue and enter such final order, or make such final determination as it deems appropriate under the circumstances, and it shall immediately notify the petitioner or respondent thereof in writing by certified or registered mail.

644.061. 1. Unless prohibited by any federal water pollution control act, or if an application does not require a permit [under] **pursuant to** any federal water pollution control act, the commission may grant individual variances beyond the limitations prescribed in sections 644.006 to 644.141 whenever it is found, upon presentation of adequate proof, that compliance with any provisions of sections 644.006 to 644.141 or rule or regulation, standard, requirement, limitation, or order of the commission or [executive secretary] **director** adopted pursuant thereto will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case, without sufficient corresponding benefit or advantage to the people; but no variance shall be granted where the effect of a variance will permit the continuance of a condition which may unreasonably cause or contribute to adverse health effects upon humans or upon fish or other aquatic life or upon game or other wildlife, and any variance so granted shall not be so construed as to relieve the person who receives the variance from any liability imposed by other law for the commission or maintenance of a nuisance.

2. In determining under what conditions and to what extent a variance may be granted, the commission shall exercise a wide discretion in weighing the equities involved and the advantages and disadvantages to the applicant and to those affected by water contaminants emitted by the applicant.

3. Variances shall be granted for such period of time and under such terms and conditions as shall be specified by the commission in its order. The variance may be extended by affirmative action of the commission. In no event shall the variance be granted for a period of time greater than is reasonably necessary for complying with sections 644.006 to 644.141 or any standard, rule or regulation promulgated [hereunder] **pursuant to sections 644.006 to 644.141**.

4. Any person seeking a variance shall file a petition for variance with the [executive secretary] **director**. There shall be a [twenty-five] **two hundred fifty** dollar filing fee payable to the state of Missouri with each [application before a variance is granted] **petition for variance**. The [executive secretary] **director** shall promptly investigate the application and make a recommendation to the commission within sixty days after the application is received as to whether the variance should be granted or denied. The [executive secretary] **director** shall promptly notify the petitioner of his **or her** action and at the same time shall send notice to those persons registered with the [executive secretary] **director** pursuant to section 644.036 who reside in the county where the water contaminant or point source is located.

5. If the recommendation of the [executive secretary] **director** is to deny the variance, a hearing as provided in

section 644.066 shall be held by the commission if requested by the petitioner within thirty days of the date of notice of the recommendation of the [executive secretary] **director**. If the recommendation of the [executive secretary] **director** is for the granting of the variance, the commission may grant the variance without a hearing, or, if not, shall set the matter for a hearing. If the commission grants the variance without a hearing the matter shall be passed upon at a public meeting no sooner than thirty days from the date of notice of the recommendation of the [executive secretary] **director**, except that upon petition, filed within thirty days from the date of notice, of any person aggrieved by the granting of the variance, a hearing shall be held and such petitioner shall become a party to the proceeding. In any hearing [under] **pursuant to** this section the burden of proof shall be on the person petitioning for a variance.

6. The commission may require the filing of a bond as a condition for the issuance of a variance in an amount determined by the commission to be sufficient to insure compliance with the terms and conditions of the variance. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the variance are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

7. Upon failure to comply with the terms and conditions of any variance as specified by the commission, the variance may be revoked or modified or the bond may be revoked, or both, by the commission after a hearing held upon not less than thirty days' written notice. Notice shall be served upon all persons who will be subjected to greater restrictions if the variance is revoked or modified, or who have filed with the [executive secretary] **director** a written request for notification.

8. Any decision of the commission made pursuant to a hearing held [under] **pursuant to** this section is subject to judicial review as provided in section 644.071.

644.066. 1. At any public hearing all testimony taken before the commission shall be under oath and recorded stenographically. The transcript so recorded shall be made available to any member of the public or to the respondent or party to a hearing on a complaint, or any party to a hearing on a petition for variance, or appealing any order or determination of the [executive secretary] **director** upon payment of the usual charge therefor.

2. In any such hearing, any member of the commission or the hearing officer shall issue in the name of the commission notice of hearing and subpoenas. Subpoenas shall be issued and enforced as provided in section 536.077, RSMo. The rules of discovery that apply in any civil case apply to hearings held by the commission.

3. (1) All hearings to promulgate standards, rules, limitations, and regulations and to establish areas of the state shall be held before at least four members of the commission;

(2) All other hearings may be held before one commission member designated by the commission chairman or by a hearing officer who shall be a member of the Missouri bar and shall be appointed by the commission chairman. The hearing officer or commission member shall preside at the hearing and hear all evidence and rule on the admissibility of evidence. The hearing officer or commission member shall make recommended findings of fact and may make recommended conclusions of law to the commission;

(3) All final orders or determinations or other final actions by the commission shall be approved in writing by at least four members of the commission. Any commission member approving in writing any final order or determination or other final action, who did not attend the hearing, shall do so only after reviewing all exhibits and reading the entire transcript.

644.071. 1. All final orders or determinations of the commission or the [executive secretary] **director** made pursuant to the provisions of sections 644.006 to 644.141 are subject to judicial review pursuant to the provisions of chapter 536, RSMo. No judicial review shall be available, however, unless and until all administrative remedies are exhausted.

2. In any suit filed pursuant to section 536.050, RSMo, concerning the validity of the commission's standards, rules and regulations, the court shall review the record made before the commission to determine the validity and reasonableness of such standards, rules, limitations, and regulations and may hear such additional evidence as it deems necessary.

644.076. 1. It is unlawful for any person to cause or permit any discharge of water contaminants from any water contaminant or point source located in Missouri in violation of sections 644.006 to 644.141, or any standard, rule or regulation promulgated by the commission. In the event the commission or [its executive secretary] **the director** determines that any provision of sections 644.006 to 644.141 or standard, rules, limitations or regulations promulgated pursuant thereto, or permits issued by, or any final abatement order, other order, or determination made by the commission or the [executive secretary] **director**, or any filing requirement [under] **pursuant to** sections 644.006 to 644.141 or any other provision which this state is required to enforce [under] **pursuant to** any federal water pollution

control act, is being, was, or is in imminent danger of being violated, the commission or [executive secretary] **director** may cause to have instituted a civil action in any court of competent jurisdiction for the injunctive relief to prevent any such violation or further violation or for the assessment of a penalty not to exceed ten thousand dollars per day for each day, or part thereof, the violation occurred and continues to occur, or both, as the court deems proper. A civil monetary penalty [under] **pursuant to** this section shall not be assessed for a violation where an administrative penalty was assessed [under] **pursuant to** section 644.079. The commission or the [executive secretary] **director** may request either the attorney general or a prosecuting attorney to bring any action authorized in this section in the name of the people of the state of Missouri. Suit may be brought in any county where the defendant's principal place of business is located or where the water contaminant or point source is located or was located at the time the violation occurred. Any offer of settlement to resolve a civil penalty [under] **pursuant to** this section shall be in writing, shall state that an action for imposition of a civil penalty may be initiated by the attorney general or a prosecuting attorney representing the department [under authority of] **pursuant to** this section, and shall identify any dollar amount as an offer of settlement which shall be negotiated in good faith through conference, conciliation and persuasion.

2. In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Between July 1, 1998, and July 1, 2000, two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(7) Between July 1, 1998, and July 1, 2000, two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called

"option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the estate of the last person to receive a monthly allowance;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve of the remainder of such sixty monthly payments shall be paid to the estate of the last person to receive a monthly allowance.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in

subsection 1 or 2 of this section.

4. If the total of the retirement allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the estate of the individual, if there be no beneficiary. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the estate of the beneficiary unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or to the estate of the member, if there be no beneficiary; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the estate of the beneficiary.

6. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

7. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

8. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

9. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

10. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

12. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed seventy-five percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

13. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 12 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

14. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the estate of the last person to receive a monthly allowance;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve of the remainder of such sixty monthly payments shall be paid to the estate of the last person to receive a monthly allowance.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the estate of the individual, if there be no beneficiary. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the estate of the beneficiary unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or to the estate of the member, if there be no beneficiary; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the estate of the beneficiary.

6. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the

member's accumulated contributions with interest.

7. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

8. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

9. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

10. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

12. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; with the provision that the increases provided

for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, **or in the case of any member retiring on or after July 1, 2000, and not for any member retiring before July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement.** Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed [seventy-five] **eighty** percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

13. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 12 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

14. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

15. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

16. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code **except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.**

17. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

18. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly

annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service, have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 12 of this section.

19. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 12 and 13 of this section for the purposes of the limit on the total amount of increases which may be received.

20. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the person shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

21. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

22. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 12 and 13 of this section for the purposes of the limit on the total amount of increases which may be received."; and

House Amendment No. 7

AMEND House Committee Substitute for Senate Bill No. 922, Page 66, Section 104.374, Line 19, by adding after all of said line the following:

"104.610. 1. Any person, who is receiving or hereafter may receive state retirement benefits from the Missouri state employees' retirement system other than a person with twelve or more years of service in statewide state elective office receiving benefits pursuant to the provisions of section 104.371, a legislators' retirement system, or the transportation department employees' and highway patrol retirement system, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the state retirement benefits the person would be receiving currently if the person had benefitted from changes in the law effecting increases in the rate in the formula for calculating benefits in his or her respective retirement system, for his or her type of employment or for those persons having accrued thirty-five or more years of creditable service, changes in the law pertaining to the age and service requirements for a normal annuity in his or her respective retirement system, made subsequent to the date of his or her retirement; except that in calculating such benefits the meaning of "average compensation" shall be that ascribed to it

by the law in effect on the date on which the benefits pursuant to this section are calculated.

2. In lieu of any other benefits pursuant to the provisions of this section, any member of the Missouri state employees' retirement system who has or may hereafter retire pursuant to the provisions of section 104.371, pertaining to those members who have held statewide state elective office for at least twelve years, may apply pursuant to this section to be employed as a special consultant and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received initially on his or her retirement, shall be equal to the state retirement benefits the person would be receiving if the person had benefitted from changes in the law affecting increases in compensation for statewide state elective offices, pursuant to house substitute for senate bill no. 528, second regular session of the eighty-second general assembly, any other provisions of the law to the contrary notwithstanding.

3. This compensation shall be consolidated with any other retirement benefits payable to the person, and shall be funded as provided in section 104.436.

4. This compensation shall be treated as any other state retirement benefits payable by the Missouri state employees' retirement system or the transportation department employees' and highway patrol retirement system are treated and shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, anything to the contrary notwithstanding.

5. The employment provided for by this section shall in no way affect any person's eligibility for retirement benefits pursuant to this chapter, or in any way have the effect of reducing retirement benefits, anything to the contrary notwithstanding.

6. In order to determine the total monthly state retirement compensation due each retiree who is eligible for the additional amount provided for in subsection 1 of this section, the following formula shall be used:

(1) The retiree's base monthly retirement compensation shall be determined by dividing the sum of the retiree's annual normal annuity as of the effective date of any increase in the rate in the formula for calculating benefits in his or her respective retirement system plus any annual increases granted such retiree as a result of his or her being a consultant, by twelve;

(2) The amount determined pursuant to subdivision (1) of this subsection shall be increased by an amount equal to the base monthly retirement compensation calculated pursuant to subdivision (1) of this subsection multiplied by the percentage increase in the rate in the formula;

(3) The sum obtained from completing the calculations contained in subdivisions (1) and (2) of this subsection shall be the retiree's new total monthly state retirement compensation. Any retiree who is eligible for the benefit provided in subsection 1 of this section whose benefit pursuant to subsection 1 of this section was not calculated in accordance with the procedure provided in this subsection shall have his or her total monthly retirement compensation for all months beginning on or after September 28, 1985, recalculated in accordance with this subsection.

7. The provisions of this section are severable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or otherwise invalid, the remaining provisions of this section are valid unless the court finds that such valid provisions, standing alone, are incomplete and incapable of being executed in accordance with the legislative intent.

8. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be eligible to elect to receive a retirement annuity pursuant to the year 2000 plan as provided in this chapter.

9. Any person who is receiving or hereafter may receive retirement benefits pursuant to section 104.374, and would qualify for a benefit pursuant to Section 1 of this bill if such person were an active employee or beneficiary of an active employee, such person, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the retirement benefits the person would be receiving currently if the person had benefitted from changes in the law effecting increases pursuant to section 1 of this bill.”; and

Further amend said bill, Page 83, Section 513.430, Line 85, by adding after all of said line the following:

“Section 1. In addition to the amount determined pursuant to subsection 1 of section 104.374, RSMo, the normal annuity of a uniformed conservation agent shall be increased by thirty-three and one-third of the benefit.”; and

Further amend the title, enacting clause and intersectional references accordingly.

In no event shall any retroactive benefits be paid.**

3. Senate Amendment No. 12

AMEND Senate Committee Substitute for House Bill No. 1292, Page 3, Section 335.018, Line 19, by inserting immediately after said line the following:

“354.606. 1. **This act shall be known as the “Patient Freedom Act of 2000”.**

2. A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

[2.] 3. Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

“Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person.”

[3.] 4. Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue

through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

[4.] **5.** The contract provisions satisfying the requirements of subsections [2 and] 3 **and 4** of this section shall:

(1) Be construed in favor of the enrollee;
 (2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections [2 and] 3 **and 4** of this section.

[5.] **6.** In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

[6.] **7.** (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization; **or**

(c) Deny a health care professional the opportunity to become a participating provider if such health care professional satisfies all of the selection standards established by the health carrier, and if the health care professional is willing to accept the plan's operating terms and conditions, its schedule of fees, covered expenses, utilization regulations and quality standards.

(2) Paragraphs (a), [and] (b) **and (c)** of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

[7.] **8.** A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

[8.] **9.** A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

[9.] **10.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] **11.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] **12.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636.”; and

Further amend the title and enacting clause accordingly.

COMMITTEE REPORTS

Committee on Fiscal Review, Chairman Backer reporting:

Mr. Speaker: Your Committee on Fiscal Review, to which was referred **HR 1250**, begs leave to report it has examined the same and recommends that it **Do Pass**.

House Resolution No. 1250

WHEREAS, the premium for health insurance for retirees of the Missouri State Employees' Retirement System was subsidized by the state at a rate of thirty-four percent from 1995-1999, and is currently subsidized by the state at a rate of forty-seven percent; and

WHEREAS, while this percentage is an improvement over previous years, retired state employees are rightly concerned that no requirements mandate a particular level of subsidy, therefore making their health care costs subject to yearly appropriations; and

WHEREAS, the older retirees, particularly those retirees with a lower average salary, bear a greater burden of their health insurance costs than active employees or younger retirees; and

WHEREAS, a more vigorous system of health care contributions for state employees would promote the goals of the Governor's Ad Hoc Task Force on Total Compensation; and

WHEREAS, the Governor's Task Force on Total Compensation and the Commission on Management and Productivity has not aggressively addressed the issue of health care programs which is necessitating the need to enact legislation in the absence of administrative action:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives, Ninetieth General Assembly, Second Regular Session, that a House Interim Committee on Health Care Contributions for State Employees be created to develop legislation to relieve retirees of their justified concerns over the cost of their health care as it relates to their overall benefit package as retired state employees; and

BE IT FURTHER RESOLVED that the committee be comprised of five members to be appointed by the Speaker of the House of Representatives, with three members from the Democratic Party and two members from the Republican Party; and

BE IT FURTHER RESOLVED that the committee be authorized to hold hearings and investigations as it deems advisable, and that the staff of House Research and the Committee on Legislative Research provide any technical or clerical assistance requested by the committee and the members of the committee shall receive reimbursement for their actual and necessary expenses incurred in the performance of their official duties for the committee; and

BE IT FURTHER RESOLVED that the committee reports its recommendations and findings to the Speaker of the House of Representatives by December 15, 2000.

Mr. Speaker: Your Committee on Fiscal Review, to which was referred **HCS SS SCS SB 763 (Fiscal Note)**, begs leave to report it has examined the same and recommends that it **Do Pass**.

ADJOURNMENT

On motion of Representative Crump, the House adjourned until 9:30 a.m, Wednesday, May 10, 2000.

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SEVENTIETH DAY, WEDNESDAY, MAY 10, 2000

Speaker Gaw in the Chair.

Prayer by Father David Buescher.

God, You are the glue which binds peoples and families together. You are the spirit who motivates our actions. Despite the possible rancor that this Chamber has felt these last days, re-unify our spirits this morning and this day.

If there is disagreement on means, let this body remember that our deepest motives here aim at equality and liberty, individual decency and value, community increase and social progress. May we remember, as difficult as that might be in the fray of debate and the desire to win our case, that at the end of this session, we will still be ONE sovereign state, beneath one God, with freedom and fairness for every citizen. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Stephen Braun, Jenna Baker, Amanda Baird, Alex Marion, Sarah Kuehnle, Mike Wilcox, Katie Kriegshauser, Scott Roberts, Tim Wahl, Maureen Kientzle and David Schoemehl.

The Journal of the sixty-ninth day, was approved as corrected by the following vote:

Such program shall be operated with appropriations made by the general assembly from the fund.

2. Assistance under the basic industry retraining program may be made available for industries in Missouri which make new investments [in manufacturing] without the creation of new employment.

3. The department shall issue rules and regulations governing the awarding of funds administered through the basic industry retraining fund. When promulgating these rules and regulations, the department shall consider such factors as the number of jobs in jeopardy of being lost if retraining does not occur, the amount of private sector investment in new facilities and equipment, the ratio of jobs retained versus investment, the cost of normal, ongoing

2. **For tax years beginning on or after January 1, [1994] 2001, the director of the department of economic development may authorize a taxpayer [may be allowed] to receive a tax credit against the tax otherwise due pursuant to chapter 143, RSMo, or chapter 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo[, if approved by the director of the department of economic development,] in an amount up to six and one-half percent of the excess of the taxpayer's qualified research expenses, as certified by the director of the department of economic development, within this state during the taxable year over the average of the taxpayer's qualified research expenses within this state over the immediately preceding three taxable years[; except that], **plus for a taxpayer which has a total of at least one hundred fifty employees but no more than five hundred employees, an amount up to the proportion of such qualified research expenses incurred at facilities with employees working in distressed communities as defined in section 135.530, RSMo, multiplied by an additional six and one-half percent for a maximum of thirteen percent if all such qualified research expenses were incurred at facilities in distressed communities. Notwithstanding any provisions of law to the contrary:****

(1) The director may authorize a taxpayer which has a total of fewer than one hundred fifty employees, and which is located in a distressed community as defined in section 135.530, RSMo, to receive a tax credit pursuant to this subsection in an amount up to the greater of:

(a) **Thirty percent of the excess of the taxpayer's qualified research expenses incurred within this state during the taxable year over the average of the taxpayer's qualified research expenses for the immediately preceding three taxable years or fewer if the taxpayer has been in existence less than four years; or**

3. The director of economic development shall prescribe the manner in which the tax credit may be [claimed] **applied for.** The tax credit [allowed] **authorized** by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, that becomes due in the tax year during which such qualified research expenses were incurred. Where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years or until the full credit has been claimed, whichever first occurs. The application for [claiming] tax credits [allowed in] **authorized by the director pursuant to** subsection 2 of this section shall be made [in] **no later than the end of** the taxpayer's tax period immediately following the tax period for which the credits are being claimed.

4. **Certificates of tax credit issued pursuant to this section may be transferred, sold or assigned by filing a notarized endorsement thereof with the department which names the transferee and the amount of tax credit transferred. Failure to expend such funds in the manner prescribed pursuant to this section shall cause the applicant to be subject to the provisions of section 620.017.**

5. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it

has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536, RSMo. The provisions of this section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

[4.] **6.** The aggregate of all tax credits authorized pursuant to this section shall not exceed [ten] **nine million seven hundred thousand** dollars in any taxable year. **At least twenty-five percent of all tax credits allowed annually pursuant to this section shall be issued for qualified research expenses at facilities with employees working in distressed communities as defined in section 135.530, RSMo, unless by November fifteenth of each calendar year for such expenses at such facilities a lesser amount has been applied for; in such event, the portion of such credits unapplied for shall be available for the remainder of the year in the same way in which tax credits are otherwise available in this section. “34.040. 1. All purchases in excess of three thousand dollars shall be based on competitive bids, except as otherwise provided in this chapter.

2. On any purchase where the estimated expenditure shall be twenty-five thousand dollars or over, except as provided in subsection 5 of this section, the commissioner of administration shall:

(1) Advertise for bids in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before bids for such purchases are to be opened. Other methods of advertisement, which may include minority business purchase councils, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post a notice of the proposed purchase in his or her office; and

(3) Solicit bids by mail or other reasonable method generally available to the public from prospective suppliers. All bids for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening bids.

3. The contract shall be let to the lowest and best bidder. The commissioner of administration shall have the right to reject any or all bids and advertise for new bids, or purchase the required supplies on the open market if they can be so purchased at a better price. When bids received pursuant to this section are unreasonable or unacceptable as to terms and conditions, noncompetitive, or the low bid exceeds available funds and it is determined in writing by the commissioner of administration that time or other circumstances will not permit the delay required to resolicit competitive bids, a contract may be negotiated pursuant to this section, provided that each responsible bidder who submitted such bid under the original solicitation is notified of the determination and is given a reasonable opportunity to modify their bid and submit a best and final bid to the state. In cases where the bids received are noncompetitive or the low bid exceeds available funds, the negotiated price shall be lower than the lowest rejected bid of any responsible bidder under the original solicitation.

4. All bids shall be based on standard specifications wherever such specifications have been approved by the commissioner of administration. The department shall follow bidding procedures pursuant to this section and may promulgate rules necessary to establish such procedures. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

2. Subsection 1 of this section shall not apply to any contractor who is qualified for bidding purposes with the department of transportation and submits a successful bid wherein part of or all funds are furnished by the United States.

(d) Any unfair business practice by the motor vehicle franchisee after the motor vehicle franchisor has issued a written warning to the motor vehicle franchisee to desist from such practice;

(e) Conviction of the motor vehicle franchisee of a crime which is a felony;

(f) Failure of the motor vehicle franchisee to conduct customary sales and service operations during customary business hours for at least seven consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the motor vehicle franchisee has no control; or

(g) Revocation of the motor vehicle franchisee's license;

(2) Upon initiation of an act pursuant to subdivision (7) of subsection 1 of section 407.825, such notice shall be given within sixty days of the franchisor's receipt of a written proposal to consummate such sale or transfer and the receipt of all necessary information and documents generally used by the franchisor to conduct its review. **The franchisor shall acknowledge in writing to the applicant the receipt of the information and documents and if the franchisor requires additional information or documents to complete its review, the franchisor shall notify the applicant within fifteen days of the receipt of the information and documents. If the franchisor fails to request additional information and documents from the applicant within fifteen days after receipt of the initial forms, the sixty-day time period for approval shall be deemed to run from the initial receipt date. Otherwise, the sixty-day time period for approval shall run from receipt of the supplemental requested information. In no event shall the total time period for approval exceed seventy-five days from the date of the receipt of the initial information and documents.** The franchisor's notice of disapproval shall also specify the reasonable standard which the franchisor contends is not satisfied and the reason the franchisor contends such standard is not satisfied. Failure on the part of the franchisor to provide such notice shall be conclusively deemed an approval by the franchisor of the proposed sale or transfer to the proposed transferee. A franchisee's application for a hearing shall be filed with the administrative hearing commission within twenty days from receipt of such franchisor's notice;

(3) Pursuant to paragraphs (a) and (b) of subdivision (14) of subsection 1 of section 407.825, such notice shall be given within sixty days of the franchisor's receipt of a deceased or incapacitated franchisee's designated family

member's intention to succeed to the franchise or franchises or of the franchisor's receipt of the personal and financial data of the designated family member, whichever is later.

5. A franchisor's notice to a franchisee or franchisees pursuant to subdivisions (5), (6), (7) and (14) of subsection 1 of section 407.825 shall contain a statement of the particular grounds supporting the intended action or activity which shall include any reasonable standards which were not satisfied. The notice shall also contain at a minimum, on the first page thereof, a conspicuous statement which reads as follows: "NOTICE TO FRANCHISEE: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE MISSOURI ADMINISTRATIVE HEARING COMMISSION IN JEFFERSON CITY, MISSOURI, AND HAVE A HEARING IN WHICH YOU MAY PROTEST THE CONTENTS OF THIS NOTICE. ANY ACTION MUST BE FILED WITHIN TWENTY DAYS FROM RECEIPT OF THIS NOTICE."

6. When more than one application for a hearing is filed with the administrative hearing commission, the administrative hearing commission may consolidate the applications into one proceeding to expedite the disposition of all relevant issues.

7. In all proceedings before the administrative hearing commission pursuant to this section, section 407.825 and section 621.053, RSMo, where the franchisor is required to give notice pursuant to subsection 4 of this section, the franchisor shall have the burden of proving by a preponderance of the evidence that good cause exists for its actions. In all other actions, the franchisee shall have the burden of proof."; and

House Amendment No. 13

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 678 & 742, Page 40, Section 565.030, Line 62 of said page, by inserting after all of said line the following:

"595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred for medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars. [Fifty dollars shall be deducted from any award granted under sections 595.010 to 595.075, except that an award to a person sixty-five years of age or older is not subject to any deduction.]

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid [under] **pursuant to** sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award [under] **pursuant to** sections 595.010 to 595.075 shall exceed [fifteen] **twenty-five** thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation [under] **pursuant to** sections 595.010 to 595.075 shall be determined by the division.

595.035. 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the division of workers' compensation shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death [under] **pursuant to** other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the division of workers' compensation on claims heard [under] **pursuant to** sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. The division of workers' compensation shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the division.

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

(1) From or on behalf of the offender;

(2) Under private or public insurance programs, including champus, medicare, medicaid and other state or federal programs, **but not including any life insurance proceeds**; or

(3) From any other public or private funds, including an award payable [under] **pursuant to** the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the division of workers' compensation shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the division of workers' compensation may disregard the responsibility of the victim for his **or her** own injury where such responsibility was attributable to efforts by the victim to aid a victim, or to prevent a crime or an attempted crime from occurring in his **or her** presence, or to apprehend a person who had committed a crime in his **or her** presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to 595.070, monthly social security disability or retirement benefits received by the victim shall not be considered by the division as a factor for reduction of benefits.

5. The division shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based."; and

Further amend said title, enacting clause and intersectional references accordingly.

"211.071. 1. If a petition alleges that a child between the ages of twelve and seventeen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, RSMo, second degree murder under section 565.021, RSMo, first degree assault under section 565.050, RSMo, forcible rape under section 566.030, RSMo, forcible sodomy under section 566.060, RSMo, first degree robbery under section 569.020, RSMo, or distribution of drugs under section 195.211, RSMo, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;
 (8) The program and facilities available to the juvenile court in considering disposition;
 (9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

- (1) Findings showing that the court had jurisdiction of the cause and of the parties;
- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. [When a petition has been dismissed thereby permitting a child to be prosecuted under the general law, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11.] If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court may, in a case when the offender is [under] **less than** seventeen years of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, invoke dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition [under] **pursuant to** this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. **The court may suspend imposition of an adult criminal sentence in addition to such juvenile disposition.** Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section if:

(1) A facility is designed and built by the division of youth services specifically for offenders sentenced pursuant to this section and if the division determines that there is space available, based on design capacity, in the facility; and

(2) Upon agreement of the division.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of seventeen, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender [under] **pursuant to** the juvenile disposition shall be credited toward the adult criminal sentence imposed.

7. A child certified as an adult pursuant to section 211.071 shall not be considered certified as an adult for any other purposes without a separate recertification hearing.

211.181. 1. When a child or person seventeen years of age is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and [make] **upon making** a finding of fact upon which it exercises its jurisdiction over the child or person seventeen years of age, [and] the court may, by order duly entered, proceed as follows:

(1) Place the child or person seventeen years of age under supervision in his **or her** own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child or person seventeen years of age to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child or person seventeen years of age may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child or person seventeen years of age in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child or person seventeen years of age in a family home; **or**

(4) Cause the child or person seventeen years of age to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child or person seventeen years of age requires it, cause the child or person seventeen years of age to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child or person seventeen years of age whose parents or guardian in good faith are providing other remedial treatment recognized or permitted [under] **pursuant to** the laws of this state.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if [he] **the child** is presently under the court's supervision after an adjudication [under] **pursuant to** the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted [under] **pursuant to** the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court. Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may

be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and [make] **upon making** a finding of fact upon which [it] **the court** exercises its jurisdiction over the child, [and] the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive [it] **the child** in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Beginning January 1, 1996, the court may make further directions as to placement with the division of youth services concerning the child's length of stay. The length of stay order may set forth a minimum review date;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted [under] **pursuant to** the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by [his] **the child's** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and [his] **the child's** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child [under] **pursuant to** this subdivision, or who benefits from any services performed as a result of an order issued [under] **pursuant to** this subdivision, shall be immune from any suit by the child ordered to perform services [under] **pursuant to** this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services [under] **pursuant to** this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services [under] **pursuant to** this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed;

(9) When a child has been adjudicated to have violated a municipal ordinance or to have committed an act that would be a misdemeanor if committed by an adult, assess an amount of up to twenty-five dollars to be paid by the child to the clerk of the court; when a child has been adjudicated to have committed an act that would be a felony if committed by an adult, assess an amount of up to fifty dollars to be paid by the child to the clerk of the court;

(10) The imposition of any disposition pursuant to subdivision (3) of subsection 3 of this section may, in the court's discretion, be suspended upon such terms and conditions as the court deems just and proper. The records of any disposition, the imposition of which has been suspended, shall be closed records to the same extent as provided pursuant to section 610.105, RSMo, for a suspended imposition of sentence in a court of general jurisdiction.

4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except

upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed [under] **pursuant to** the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185."; and

A drug **and alcohol abuse** court shall combine judicial supervision, drug **and alcohol** testing and treatment of drug **and alcohol abuse** court participants. Except for good cause found by the court, a drug **and alcohol abuse** court making a referral for substance abuse treatment, when such program will receive state or federal funds in connection with such referral, shall refer the person only to a program which is certified by the department of mental health, unless no appropriate certified treatment program is located within the same county as the drug **and alcohol abuse** court. Upon successful completion of the treatment program, the charges, petition or penalty against a drug **and alcohol abuse** court participant may be dismissed, reduced or modified. Any fees received by a court from a defendant as payment for substance treatment programs shall not be considered court costs, charges or fines.

2. A court shall determine if an assessment for drug or alcohol abuse is appropriate for a defendant in any drug or alcohol-related prosecution. Such assessment shall be made before sentencing.

478.003. If so confirmed, the order, judgment or decree shall have the same effect as if made by the judge on the date of its confirmation.

478.005. **1. Each circuit court shall establish conditions for referral of proceedings to the drug and alcohol abuse court. Notwithstanding the foregoing, termination from the drug **and alcohol abuse** court program and the reasons for termination may be considered in sentencing or disposition.

3. House Amendment No. 32

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 678 & 742, Page 15, Section 451.080, Line 23, by inserting immediately after said section the following:

“452.370. 1. Except as otherwise provided in subsection 6 of section 452.325, the provisions of any judgment respecting maintenance or support may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modification of any child support or maintenance judgment, the court, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the child support guidelines and criteria set forth in section 452.340 and applicable supreme court rules to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, a prima facie showing has been made of a change of circumstances so

substantial and continuing as to make the present terms unreasonable, if the existing amount was based upon the presumed amount pursuant to the child support guidelines.

2. When the party seeking modification has met the burden of proof set forth in subsection 1 of this section, the child support shall be determined in conformity with criteria set forth in section 452.340 and applicable supreme court rules.

3. Unless otherwise agreed in writing or expressly provided in the judgment, the obligation to pay future statutory maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

4. Unless otherwise agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child. The parent entitled to receive child support shall have the duty to notify the parent obligated to pay support of the child's emancipation and failing to do so, the parent entitled to receive child support shall be liable to the parent obligated to pay support for child support paid following emancipation of a minor child, plus interest.

5. If a parent has made an assignment of support rights to the division of family services on behalf of the state as a condition of eligibility for benefits pursuant to the Temporary Assistance for Needy Families program and either party initiates a motion to modify the support obligation by reducing it, the state of Missouri shall be named as a party to the proceeding. The state shall be served with a copy of the motion by sending it by certified mail to the director of the division of child support enforcement.

6. The court shall have continuing personal jurisdiction over both the obligee and the obligor of a court order for child support or maintenance for the purpose of modifying such order. Both obligee and obligor shall notify, in writing, the clerk of the court in which the support or maintenance order was entered of any change of mailing address. If personal service of the motion cannot be had in this state, the motion to modify and notice of hearing shall be served outside the state as provided by supreme court rule 54.14. The order may be modified only as to support or maintenance installments which accrued subsequent to the date of personal service. For the purpose of 42 U.S.C. 666(a)(9)(C), the circuit clerk shall be considered the "appropriate agent" to receive notice of the motion to modify for the obligee or the obligor, but only in those instances in which personal service could not be had in this state.

7. If a responsive pleading raising the issues of custody or visitation is filed in response to a motion to modify child support filed at the request of the division of child support enforcement by a prosecuting attorney or circuit attorney or an attorney under contract with the division, such responsive pleading shall be severed upon request.

[8. Notwithstanding any provision of this section which requires a showing of substantial and continuing change in circumstances, in a IV-D case filed pursuant to this section by the division of child support enforcement as provided in section 454.400, RSMo, the court shall modify a support order in accordance with the guidelines and criteria set forth in supreme court rule 88.01 and any regulations thereunder if the amount in the current order differs from the amount which would be ordered in accordance with such guidelines or regulations.]; and

Further amend said bill, Section 452.556, Page 16, Line 23, by inserting immediately after said line the following:

“454.498. 1. [Notwithstanding section 452.370, RSMo, and sections 454.496 and 454.500, or any other section requiring a showing of substantial and continuing change in circumstances to the contrary, and] as provided for in subdivision (13) of subsection 2 of section 454.400 and taking into account the best interest of the child, the director shall:

(1) Modify, if appropriate, a support order being enforced under Title IV-D of the Social Security Act in accordance with the guidelines and criteria set forth in supreme court rule 88.01 **and section 452.370, RSMo** [if the amount in the current order differs from the amount that would be awarded in accordance with such guidelines]; or

(2) Use automated methods (including automated comparisons with wage or state income tax data) to identify orders eligible for review, conduct the review, identify orders eligible for adjustment and apply the adjustment to the orders eligible for adjustment under any threshold that may be established by the state.

2. If the division conducts a review pursuant to subdivision (2) of subsection 1 of this section, either party to the order may contest the adjustment within thirty days after the date of the notice of adjustment by requesting, if appropriate, a review and modification in accordance with the guidelines and criteria set forth in supreme court rule 88.01. If the review is timely requested, the division shall review and modify the order, if appropriate, in accordance with supreme court rule 88.01. The division may conduct a review pursuant to subdivision (2) of subsection 1 of this section only if the division is unable to conduct a review pursuant to subdivision (1) of subsection 1 of this section.

3. The division may review and adjust a support order upon request outside the three-year cycle [only] upon [a] demonstration by the requesting party **and in accordance with procedural rules established by the division by rule pursuant to chapter 536** [of a substantial change in circumstances which shall be determined by the division. If the division determines that an adjustment shall not be made, the division shall, within fourteen days, mail notice of such determination to the parents or other child support agency, if any].”; and

Further amend the title and enacting clause of said bill accordingly.

Further amend said bill, Page 38, Section 550.120, Line 21, by inserting immediately after said line the following:

“558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of subsections 2 through 5 of section 559.115, RSMo, relating to probation.

2. The provisions of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a defendant after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the defendant has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the defendant must serve shall be forty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(2) If the defendant has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be fifty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first. For purposes of this section, the phrase “sentence imposed by the court” means the total aggregate sentence actually imposed by the sentencing court.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the

supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

- (a) The nature and severity of each offense;
 - (b) The record of prior offenses by the offender;
 - (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime;
- and

(d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:

- (1) Restitution to any victim for costs incurred as a result of the offender's actions;
- (2) Offender treatment programs;
- (3) Mandatory community services;
- (4) Work release programs in local facilities; and
- (5) Community based residential and nonresidential programs; and

8. If the imposition or execution of a sentence is suspended for a misdemeanor, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to § 50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo. An annual audit of the fund shall be conducted by the county auditor or the state auditor.

9. [8.] The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

559.021. 1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

- (1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and
- (2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty in a misdemeanor case or finding of guilt in a misdemeanor case, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to §50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo.

[3.] **4.** The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4.] **5.** The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.”.

House Amendment No. 34

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 678 & 742, Page 29, Section 535.110, Line 6, by inserting immediately after said line the following:

“536.025. 1. A rule may be made, amended or rescinded by a state agency without following the provisions of section 536.021, only if the state agency:

- (1) Finds that an immediate danger to the public health, safety or welfare requires emergency action or the rule is necessary to preserve a compelling governmental interest that requires an early effective date as permitted pursuant to this section;
- (2) Follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances;
- (3) Follows procedures which comply with the protections extended by the Missouri and United States Constitutions; and
- (4) Limits the scope of such rule to the circumstances creating an emergency and requiring emergency action.

2. At the time of or prior to the adoption of such rule, the agency shall file with the secretary of state, [and] the joint committee on administrative rules, **and the state representative and senator of the area impacted** the text of the rule together with the specific facts, reasons, and findings which support the agency's conclusion that the agency has fully complied with the requirements of subsection 1 of this section. If an agency finds that a rule is necessary to

preserve a compelling governmental interest that requires an early effective date, the agency shall certify in writing the reasons therefor.

3. Material filed with the secretary of state and the joint committee on administrative rules under the provisions of subsection 2 of this section shall be published in the Missouri Register by the secretary of state as soon as practicable after the filing thereof. Any rule adopted pursuant to this section shall be reviewed by the secretary of state to determine compliance with the requirements for its publication and adoption established in this section, and in the event that the secretary of state determines that such proposed material does not meet those requirements, the secretary of state shall not publish the rule. The secretary of state shall inform the agency of its determination, and offer the agency a chance to either withdraw the rule or to have it published as a proposed rule.

4. The committee may file with the secretary of state any comments or recommendations that the committee has concerning a proposed or final order of rulemaking. Such comments shall be published in the Missouri Register.

5. The committee may refer comments or recommendations concerning such rule to the appropriations and budget committee of the house of representatives and the appropriations committee of the senate for further action.

6. Rules adopted under the provisions of this section shall be known as "emergency rules" and shall, along with the findings and conclusions of the state agency in support of its employment of emergency procedures, be judicially reviewable under section 536.050 or other appropriate form of judicial review. The secretary of state and any employee thereof, acting in the scope of employment, shall be immune from suit in actions regarding the adoption of rules pursuant to this section.

7. A rule adopted under the provisions of this section shall clearly state the interval during which it will be in effect. Emergency rules shall not be in effect for a period exceeding one hundred eighty calendar days or thirty legislative days, whichever period is longer. For the purposes of this section, a "legislative day" is each Monday, Tuesday, Wednesday and Thursday beginning the first Wednesday after the first Monday in January and ending the first Friday after the second Monday in May, regardless of whether the legislature meets.

8. A rule adopted under the provisions of this section shall not be renewable, nor shall an agency adopt consecutive emergency rules that have substantially the same effect, although a state agency may, at any time, adopt an identical rule under normal rulemaking procedures.

9. A rule adopted under the provisions of this section may be effective not less than ten days after the filing thereof in the office of the secretary of state, or at such later date as may be specified in the rule, and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable after the filing thereof.

10. If it is found in a contested case by an administrative or judicial fact finder that an agency rule should not have been adopted as an emergency rule as provided by subsection 1 of this section, then the administrative or judicial fact finder shall award the nonstate party who prevails, as defined in this section, its reasonable fees and expenses, as defined in this section. This award shall constitute a reviewable order. If a state agency in a contested case grants the relief sought by the party prior to a finding by an administrative or judicial fact finder that the state agency's action was based on a statement of general applicability which should not have been adopted as an emergency rule, but was in fact adopted as an emergency rule pursuant to this section, then the affected party may bring an action in circuit court of Cole County for the nonstate party's reasonable fees and expenses, as defined in this section.

11. For the purposes of this section, the following terms mean:

- (1) "Prevails", obtains a favorable order, decision, judgment or dismissal in a civil action or agency proceeding;
- (2) "Reasonable fees and expenses" includes the reasonable expenses of expert witnesses, the reasonable cost of any study, analysis, engineering report, test or project which is found by the court or agency to be necessary for the preparation of the party's case, and reasonable attorney or agent fees."; and

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms.

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January. Such collector shall send tax receipts or certified statements for personal property taxes for the previous year within three days to any person who pays the person's personal property tax in person, and within twenty working days, if the payment is made by mail. Any person wishing to have priority pursuant to this subsection shall notify the collector at the time of payment of the property taxes that a motor vehicle registration expires in January. Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year, may use the personal property tax receipt of the prior year as proof of payment.

3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. No proof of payment of such tax shall be required by the director until the form for proof of payment has been prescribed by the Secretary of the Treasury.

4. Beginning July 1, 2000, a county or township collector may notify, by ordinary mail, any owner of a motor vehicle for which personal property taxes have not been paid that if full payment is not received within thirty days the collector may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the collector by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. Thereafter, if the owner fails to timely pay such taxes the collector may notify the director of revenue of such failure. Such notification shall be on forms designed and provided by the department of revenue and shall list the motor vehicle owner's full name, including middle initial, the owner's address, and the year, make, model and vehicle identification number of such motor vehicle. Upon receipt of this notification the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown

on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a county or township collector that the personal property taxes have been paid in full. Upon the owner furnishing proof of payment of such taxes and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle or vehicles registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of personal property tax the owner so aggrieved may appeal to the circuit court of the county of his or her residence for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536, RSMo, for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require.

5. [No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.**

[301.025. 1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due or a statement certified by the county or township collector of the county or township in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year have been paid by the applicant or that no such taxes were due or, if the applicant is not a resident of this state and serving in the armed forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status. Every county and township collector shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The collector may assess and collect in addition to any other penalty or interest that may be owed, a penalty of ten dollars or five percent of the total amount of the returned check or order whichever amount is greater to be deposited in the county general revenue fund, but in no event shall such penalty imposed exceed one hundred dollars. The collector may refuse to accept any check or other similar sight order in payment of any tax currently owed plus penalty or interest from a person who previously attempted to pay such amount with a check or order that was returned to the collector unless the remittance is in the form of a cashier's check, certified check or money order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms.

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose

Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year, may use the personal property tax receipt of the prior year as proof of payment.

3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 11, 2000

Speaker Gaw in the Chair.

Prayer by Father David Buescher.

God of human progress, the agenda for this Chamber today again includes a gamut of need and desire which could boggle the mind. From patient care to foster care to sports to veterans bonus to murder defendants and much more, this society presents its needs to its leaders and lawmakers. These honorable representatives ask for a sense of Your priorities, O God, to decide these cases with acumen and grace.

Also, God of infinite time, our time here is so limited. May speed, accuracy, deep perception and compassion be the hallmark of this Chamber's work this day, as the session spins close to the end. Be the calm in the center of this day's concerns, now and always. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Brett Blomme

“301.025. 1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due and which reflects that all taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county or township collector of the county or township in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant or that no such taxes were due or, if the applicant is not a resident of this state and serving in the armed forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status. In the event the registration is a renewal of a registration made two or three years previously, the application shall be accompanied by proof that taxes were not due or have been paid for the two or three years which immediately precede the year in which the motor vehicle's or trailer's registration is due; **except when electronic personal property tax data has been provided to the department of revenue, and the department of revenue verifies that personal property taxes have been paid for the two or three years which immediately precede the year in which the motor vehicle's or trailer's registration is due, the department of revenue shall accept those records as proof that the taxpayer has paid said personal property taxes.** The county or township collector shall not be required to issue a receipt for the immediately preceding tax year until all personal property taxes, including all delinquent taxes currently due, are paid. **If the applicant was a resident of another county of this state in the applicable preceding years, he or she must submit to the collector in the county or township of residence proof that the personal property tax was paid in the applicable tax years.** Every county and township collector shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The receipt issued by the county collector in any county of the first classification with a charter form of government which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, any county of the first classification without a charter form of government with a population of at least one hundred fifty thousand inhabitants which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county and any county of the first classification without a charter form of government with a population of at least one hundred ten thousand but less than one hundred fifty thousand inhabitants shall be determined null and void if the person paying tangible personal property taxes issues or passes a check or other similar sight order which is returned to the collector because the account upon which the check or order was drawn was closed or did not have sufficient funds at the time of presentation for payment by the collector to meet the face amount of the check or order. The collector may assess and collect in addition to any other penalty or interest that may be owed, a penalty of ten dollars or five percent of the total amount of the returned check or order whichever amount is greater to be deposited in the county general revenue fund, but in no event shall such penalty imposed exceed one hundred dollars. The collector may refuse to accept any check or other similar sight order in payment of any tax currently owed plus penalty or interest from a person who previously attempted to pay such amount with a check or order that was returned to the collector unless the remittance is in the form

of a cashier's check, certified check or money order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. **Residents of counties with a township form of government and with township collectors shall present personal property tax receipts which have been paid for the preceding two years when registering under this section.**

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January. Such collector shall send tax receipts or certified statements for personal property taxes for the previous year within three days to any person who pays the person's personal property tax in person, and within twenty working days, if the payment is made by mail. Any person wishing to have priority pursuant to this subsection shall notify the collector at the time of payment of the property taxes that a motor vehicle registration expires in January. Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year, may use the personal property tax receipt of the prior year as proof of payment.

3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. No proof of payment of such tax shall be required by the director until the form for proof of payment has been prescribed by the Secretary of the Treasury.

4. Beginning July 1, 2000, a county or township collector may notify, by ordinary mail, any owner of a motor vehicle for which personal property taxes have not been paid that if full payment is not received within thirty days the collector may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the collector by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. Thereafter, if the owner fails to timely pay such taxes the collector may notify the director of revenue of such failure. Such notification shall be on forms designed and provided by the department of revenue and shall list the motor vehicle owner's full name, including middle initial, the owner's address, and the year, make, model and vehicle identification number of such motor vehicle. Upon receipt of this notification the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a county or township collector that the personal property taxes have been paid in full. Upon the owner furnishing proof of payment of such taxes and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle or vehicles registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of personal property tax the owner so aggrieved may appeal to the circuit court of the county of his or her residence for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536, RSMo, for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require.

5. [No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.**

[301.025. 1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due or a statement certified by the county or township collector of the county or township in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year have been paid by the applicant or that no such taxes were due or, if the applicant is not a resident of this state and serving in the armed forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status. Every county and township collector shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The receipt issued by the county collector in any county of the first classification with a charter form of government which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, any county of the first classification without a charter form of government with a population of at least one hundred fifty thousand inhabitants which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county and any county of the first classification without a charter form of government with a population of at least one hundred ten thousand but less than one hundred fifty thousand inhabitants shall be determined null and void if the person paying tangible personal property taxes issues or passes a check or other similar sight order which is returned to the collector because the account upon which the check or order was drawn was closed or did not have sufficient funds at the time of presentation for payment by the collector to meet the face amount of the check or order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms.

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January.
